Disposition of Complaint 14-240

Judge:

Complainant:

ORDER

The complainant alleged a superior court judge tricked him into pleading guilty with promises of a shorter sentence, then received a longer sentence.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judicial officer's ruling. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

DEAR COMMISSION,

2014-240

my name is

AND

i want to file a complaint against judge
of county court.

After much thought thinking about what transpired in her court room, i realize that she was doing illegal practices done off the record. She pressured me into taking a plea, she told me that she's the most lenient judge in county, AND made false promises to me, AND then gave me a harsher sentence. Also, after talking to a good number of other inmates who are from AND had as a judge, i found through conversations with them, that she did the exact same thing to them, as she did to me "hiding her illegal conduct through off the record proceedings, so, in essence she's doing illegal, unethical practices, off record, leaving us with no factual basis for appeal which is dirty play on her part, and this is a violation of due process under the laws of our nation, and she's betraying public trust, AND violating defendants constitutional rights, AND ARIZONA LAW. she's basically tricking defendants into taking pleas with promises of a lower sentence, then she gives us longer sentences," so the truth be told, she's lying to defendants, AND a judge should never lie, they took a oath to be honest, AND truthful, AND held to a higher standard. She needs to be investigated, and her past cases need to be reviewed by the authentic record, AND im sure you'll find evidence of wrong doing.
