Disposition of Complaint 14-261

Judge:

Complainant:

ORDER

The complainant alleged a superior court judge made erroneous rulings in his case.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

the judge has taken rights away from me as a father to not help raise and protect my

 and has order for certain items like a evolution to be done

 which has been by my counciler that i have been seeing for over a year which a letter
 from her stating i am mentally okay was summited to reflect my good intentions
 still justice has not been corrected but has caused the judge to make more unfair in retaliation and
 rights violations. Amendment VII: Awarding property to another when prof of ownership
 is in possession and prof provided to court. court order to given items from my house
 Amendment VII, And VIII court has order a unfair support order of in
 support and over in back support if the proceeding would have been equal and fair
 i would have had my of the time plus i have been unemployed and i
 currently pay on my I never
 was even in court and that back support can destroy a mans life by
 never gaining ownership and by not getting approved for loans, was all the judges action done to
 get to his true purpose and show how he can destroy anyones life as he pleases.
 seems like this judge has taken every attempt to show how the law does not apply to him or
 the united states because complaints like this go unseen or cared for the other party
 has from the beginning violated every order the courts has order me trying to be
 a law ab-biting American has took the correct steps to resolve the issues on
 filed a complaint with prof and petitioner admitting to complaint in court was true nothing
 was done but my rights get violated over and over again this complaint will be submitted
 to state, court, government dept and for rights being violated.

please review the case with facts and prof and not with a devils eye
