**ORDER**

The complainant alleged a superior court judge failed to report a crime and improperly failed to grant him a new trial.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judicial officer's ruling. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

In through my Post-Conviction Team it was determined that a foreign National was allowed to contaminate the jury process through repeated acts of "Voter Registration Fraud" and other crimes, which is relevant to Claims of Fundamental Error, Structural Error and Ineffective Assistance. This "Foreign National" scamed the taxpayers of around This happened in Judge Courtroom, my Complaint is that Judge knew that numerous Felonies had been brought to light in front of her... Why hasent Judge reported it so that the "Foreign National" can be prosecuted for all the Felonies that were committed in Judge Court. Secondly, Judge has failed to give me immediate relief after this out, instead she has allowed the Attorneys to continue with other Motions and Arguments. Upon first knowlege that there was a "Non United State Juror" any and all Motions and Arguments would be moot. "I had an "Illegal Juror" from the opening of my Trial". I believe that Judge has/had an obligation to the Public to "Report Crime" and to not Deny me justice by Delaying actions, that would immediatly get me a New Trial
