ORDER

The complainant alleged that a superior court judge improperly evaluated evidence, made improper rulings, and was biased against him.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

To whom it my concern,

She made her presumption on hearsay and violated my constitutional rights as an American that I believe were caused from _____ discriminatory practice as a judge and bias towards men. Furthermore on the date of _____ again she ordered me to take domestic violence offender classes based solely on hearsay. Note that I was never arrested for such crimes nor were police involved at any time. The allegations of domestic violence are false and are being used as an attempt to gain legal residency by _____ who came to the United States illegally from _____ with someone else's passport. I believe beyond a shadow of a doubt that the Hon. _____ was wrong for making such decision to remove my _____ from my custody even after the 1st allegation of drug used was proven false yet she continued to side with the _____ This Judge has horrible judging skill and needs to be held accountable for the irreparable trauma and harm she put my children through and I am in process of writing state and federal legislator's on my behalf to inform them what type of foul judge the state of Arizona and tax payers are funding. On the date of _____ I went to _____ here in _____ AZ where I gave a hair follicle and urine sample for confirmation that I was not using drugs. However, when proof was given that all drug test were negative she acted as if those allegation never existed. Furthermore, the judge continued to insist that reconciliation was still an option and ignored my statements that I would, and have filed for divorce. No matter what my attorney nor I said she favored sides with the Department of _____ and went as to hold me accountable for the trauma and behavior of my _____ old and my _____ who I have not lived with in other same household for over _____ on the date of _____ and ignored my signed affidavit from my witness to the discussion with the case worker _____ She then proceeded to tell me that I could not a make or say anything at all of _____ regardless if she to continued making false allegations against me, which she still does. All in all the way judge _____ treated me was complete and total discrimination and disregard for federal and statute laws. I firmly believe that I am the victim of a sexist, biased and evil judge which is the hon. _____ as well as the _____ of Arizona.

Respectfully,
