Instructions: Use this form or plain paper of the same size to file a complaint. Describe in your own words what you believe the judge did that constitutes judicial misconduct. Be specific and list all of the names, dates, times, and places that will help the commission understand your concerns. Additional pages may be attached along with copies (not originals) of relevant court documents. Please complete one side of the paper only, and keep a copy of the complaint for your records.

On _____ at _____ in courtroom _____ at a initial pretrial Conference before _____ judge. This is my concern and what I believe there was something amiss. I was in court sitting down and stood up and said my name to the judge. I sat back down and not to long later I was the only one that was told to leave the court room by a Detention Officer or that man wearing a County Sheriff's office uniform. I didn't do anything and noticed something was wrong. I believe there was misconduct there by that Detention Officer telling me to leave the court room. I was not being disruptive in the courtroom. I believe there was "Abuse of the contempt power". There was no reason for me to leave. I ask the commission investigate this complaint of "Abuse of contempt power" and believe it constitutes misconduct and further investigations of other misconduct, such as conduct that occurred off the bench as well as conduct that occurred while a judge is serving in his or her official capacity. I didn't want to leave and if I have the right to stay I'm gonna stay. I would like to add, my public defender did not appear.

Would greatly appreciate it if you can send me a copy of this.

I believe there was a form of misconduct or misconduct on the judge on
Judge something was Amis that morning
in court. I was not at the front of Judge like everyone else was
and I seen I was not given ample time to speak and when I did
speak up I said a few words. Something was amiss as well. I
believe there was some form of misconduct, I believe there was a
conflict of interest, I claimed "Not Guilty" during the time I
spoke up in things I was saying to the judge, he immediately
responded by insinuating I was, I also believe there was possibly
a misconduct or something was wrong, on or off the bench.

Commission on Judicial Conduct

Hello, I would first like to introduce myself my name is _____ date of birth _____ I appreciate your time and patience in regards to this letter. I'm writing this in seeking assistance in regards to my complaints in regards to my court case and regards to the Fairness and unfairness of my court case and the conduct of the judge and court room. I believe there may be a possibility that there may be a misconduct on the judge I may not know about and I request a investigation on my behalf if possible, to know what he or she is doing that may affect this case. There are several examples of judicial misconduct, one of the main reasons I write this is to ensure I do not receive mistreatment or get ran over by misconduct in the court room. And to ensure the judges listed and any judge from or any court does not do me wrong and that I'm provided protection from corrupt or unethical misconduct judges. I would greatly appreciate it if you could investigate whether or not there is misconduct on the part of the judge and if there is misconduct off the bench as well. If there is a complaint in regards to me I would like to state in my defense, I do not know the conduct or rights as a defendant in court and awaiting court. So I ask for patience in regards to this letter I write this as well to inform the commission on judicial conduct at this current time there is a possibility of someone in this _____ tampering or committing some form of conduct with my mail by pretending to be me sending letters out or intercepting my mail according to my last inquiry. last but not least I am concerned in regards to the upcoming judge I am set to see this judge early this month.
