**ORDER**

The complainant alleged that a superior court judge abandoned his case and failed to advise him of a continuance of a trial date.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

After review, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

Include only copies of original documents or court recordings that are relevant to your allegations. Print or type on one side of the paper only, and keep a copy of the complaint for your files. Plaintiff, is a litigant who alleges one count of Aggravated Assault against and now

The complaint was reported to Police by who called 911. Police were bamboozled by Mr. This individual and his wife had been committing financial elderly abuse to Mrs. by stealing her home. Police redacted witness Statement's of claiming her husband Mr. pointed a loaded gun at Mr. and that it only had live rounds. redacted from conversation, along with and boxes of ammo discovered in Defendant trunk of car. The Plaintiff's have a home and business in Plaintiff's traveled religiously to attend every County Court that they have been required to physically attend. A firm trial date was set for No one from the Court notified the Plaintiff's that out of State Plaintiff's that Trial date had been vacated Plaintiff, has a heart condition, and requires special travel arrangements to go cross country. The Plaintiff's contacted the Services to file court Exhibit's and received recording that division was not assigned person. I then spoke to clerk and filed directing each of witness to show up to Court I then had a process server attempt unsuccessfully to serve Witness 1 and Witness 2. I have no been informed by Court that subpoenas now may be invalid because that firm Trial date is wrong vacated. While this is transpiring the Court Clerk promised to call me on cell phone if the Pretrial hearing would be held in Court Room Plaintiff's received no phone call from judge assistance. Upon showing up for Court no Court hearing was held in the above caption case. I rang the buzzer of who now is involved in my case somehow? The spoke to me and witnessed concerns in complaint. I was told that there is no judge assigned to my case, that I could return back home to with my and that any further Court hearings would be allowed telephonic ally. Plaintiff, has appointments scheduled on Court assistant informed me that maybe a judge will pick up my case for trial again on or maybe sometime next year. I informed that the Court must understand that Plaintiff's are denied due process of law when they are unable to issue subpoenas with firm trial dates. In all fairness to Plaintiff's would like to give fair notice to appear for Firm Trial Date. Plaintiff's feel they are being denied due process and left at tactical advantage by being left out of the loop. The Plaintiff's need to immediately ask the Court for fairness. This case has gone on since and the Court Judge abandoned our case and left us in limbo.

**I affirm, under penalty of perjury, that the foregoing information and the allegations contained in the attached complaint are true.**
