**ORDER**

The complainant alleged a superior court judge made improper rulings and exhibited bias in a criminal case.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

Dear Sir:

Where do I begin. I live in and watched the entire trial of where she was convicted of the and of During the penalty phase of that trial the could not come to a for the penalty causing a and a would begin. The defense team (who for various reasons have fought to get taken off her case) have done nothing but slow things down with motion after motion against the prosecution which have been proven erroneous. Judge also really appeared to be bias towards the defense and now with the again in my humble opinion is once again showing bias toward the defense. Secret hearings with defense, and courtroom The Court of heard that issue and rendered a decision to and into the courtroom Yet the defense still is not happy and started to whine yet again about prosecutorial misconduct etc. I believe Judge should have been forced to recuse herself as she doesn't seem to be able to be impartial.

This phase was to end at least that is what the jury was told in the very beginning and now Mr is telling the judge that is impossible that it will be well before this is over. Judge does not appear to be able to command control of HER courtroom and just tell BOTH sides this is the way it will be. We have spent way to much time and on this case and it WILL be over by

I believe Judge needs at the very least to be spoken to by the higher Judges and something be done. was the victim here not She has been allowed to both by her attorneys, and her mitigation who by-the-way has smuggled things out of the jail saying it is legal papers. Nothing was ever really done about that.

I could write a book here but I will close with this: It is high time for JUSTICE to prevail.

Thank you so much for reading my email.

Sincerely,
