ORDER

The complainant alleged a superior court judge improperly denied a request for temporary orders without notice in a family law matter.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's ruling. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

Motion being filed for a Emergency order to remove from a dangerous environment

If would have done his job by completely reviewing a motion that was

Giving to him he would have seen the 2nd motion being filed. by him denying it

Proves how his own personal interest are involved he could have missed valuable prof

Of abuse going on since day 1 he has not granted me anything I have summited police

Reports doctor notes even admitted in court after she was warned about leaving

The state and country not to do it again she admits it and just smiled with a quick laugh (review court tapes)

I have lost my for almost now because of bias and there is no other

Explanation but impaired thinking by only volunteering at a women's group home

place Where he quotes "they are always being held back by family law" so I guess he's going to

Do what ever he can to move them forward even if it's based off lies and dishonestly like in my

2 complaint that was so clear of my civil rights being taken away

This case has caused me my health my job house into forcloser truck repo that's

Just the little thing in life that can all be fixed or replaced but in a row

the look in your that you will always be there

To protect the trust and faith can any of that be replaced NO but yet

After destroying any type of coparenting relationship and maybe even fixing our

Family by doing his injustice rulings without a complete review of the case

he made me ineligible for a program with offerd by the state

Called New beggings because of the lack of parenting time what did he offer in place

Nothing! So now I ask the court for injunction ordering to stop engaging in acts that culminate to abuse

Of process.and I am filing this under the 1980 act title 28 Us code section 351

wrongful prosecution and civil rights violation
