and honestly addressing his wrong in taking out the injunction against harassment and settling with me regarding it. Please see most recent letter written to

(Exhibit B) (she knows to deal with this)

What has precipitated this complaint to this Commission is her continued complicity in this crime,

request for another Injunction Against Harassment (fully knowing he is committing the crime) and The Board of Supervisors of County now fully participating in the crime; very much not wanting to help or work to end these cases in the law. of course, very wrong

What I believe the only course of action available at this time is to verify this information which would include admitting that the does not have a legal ending, judgment, not a dollar has been collected, there is no certified judgment, work with the County Board of Supervisors and examine the bank statement of the County Attorney's Office which has the wife transfer on it. Speak with the attorney

I survive and also call

of the Atty. General- Statewide prosecution office. Please do this ASAP.

This constitutes judicial misconduct on every level. She needs to deal with this, admit her error as well as and settle both cases in the law.

Thank you Very Much.
