Judge:

Complainant:

ORDER

The complainant alleged a justice of the peace made improper rulings in a protective order proceeding.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

I am an animal welfare advocate involved in the legal pursuit of justice for suffering animals located at

_____ Rd, _____ County Arizona. The _____ obtained an order of protection

against me to help impede my rapidly growing success at uncovering the decades of neglect

at their location. The complaint I would like to file today is in direct response to Judge

order that I am not to "make threats to persons or businesses" because I have not made any such threats.

I have stated clearly that I will see to it our law enforcement and county supervisors do not get away

with their complicity to the suffering and neglect that is occurring, and that we will continue try to render aid

to these animals, including getting them legally removed from that location. It is, in

fact, time for this legacy of suffering to end. As egregious as Judge _____ swat at my right to free

speech against an immoral establishment is, she went a step further to include that I could not make

reports of any kind against the _____ or their _____. I have made exactly three reports regarding

the neglect at this location, and they were all for actual violations of livestock keeping laws that were

VISIBLE FROM THE ROAD, over the last _____ since I came into knowledge of the

and the condition of animals at their property while working an identical case directly across _____ Road involving a

_____ who's boyfriend is the so called witness to my so called harrassment of the _____ I

have contacted the plaintiff exactly one time in _____ regarding horses without water on a

high heat day. The temperature at the _____ location was _____ and disadvantaged animals were

desperately pawing at their empty water containers. She was profane and horrible and I never

contacted her again. I drive past her house on the way to a dear friend's regularly down _____ Rd

and on one of those occassions I took _____ of the emaciated and lame horses there

and again noted a number of empty waters, which is illegal, and I reported it. If a judge may side with

animal abusers and violate the rights to the use of county services regarding the ongoing

animal welfare crimes at this location, what have we truly come to? I have not and will not harrass the

_____ I will, however continue to use Free Speech to bring the media's attention to not only this
