Re: City of alleged

To Who it May Concern:

My third Court appointed attorney and I continue to wait for my last attorney's, Mr. file. We wait for the Court transcripts of the trial and still no data and no justice. My attorney and I, months ago, as instructed by the court, requested my previous attorneys Mr. file and a copy of all Court transcripts relative to this case was requested as well. We have still received nothing, with no hope that this data will be presented in the near future. Since I have filed my Appeal, Notice of a Mistrial, and my allegations of Prosecutorial Misconduct, there continue to be several months of ZERO action. It would seem apparent that the Court is protecting the Prosecutors office and I intend to find out why.

The Prosecutor's office violated one of the most elementary regulations of their craft as an Officer of the Court, and I will do everything in my power to find out how long this has been going on with other Citizens as well. It is The Prosecuting attorney's responsibility to share all evidence with the Defense team and The Prosecutor had over to accomplish this task and they DID NOT. This could very well be grounds for serious misconduct and at this point we do not know exactly how many other serious violations against me have been committed. There have been numerous other violations that we do know of, if nothing more than over of continuances in my case enacted without my approval and in direct contradiction to Judge order, yet the Prosecutors office continues to violate MY Constitutional Rights as well as other Citizens of this good city on a regular basis and enough is enough. It is long past time for State officials to investigate the lawlessness, and discrimination of the Courts and the Prosecutors office directed against minority defendants and all other defendants. I am a senior citizen and disabled. There are tens if not hundreds of thousands of Dollars of missing funds from the Court, maybe the Prosecutors office is where they should begin looking!

I have resigned my position as Chairman of the of the Great State of Arizona, I have resigned my position as Party to avoid any embarrassment for those organizations, and I have lost my job. I have attended meetings as ordered by the Court when I don't even drink alcohol and never have. I have in jail as ordered by the court. has instructed me to contact the Judge because they have never seen such a severe penalty for this type of offense in addition for someone who has never even had a ticket, and I am attending counseling in as ordered by the Court and the counselors don't have a clue as to why I am even there. My driver's license has been suspended for a combined total of over with still remaining as a result of the alleged incident. All because I was simply following my Dr's instructions relative to a prescription medication that I had an allergic reaction to, as I was due to undergo my surgery. I have now had surgeries.

I have simply had enough. I would like to request an appearance in open court before the Judge that has been appointed for my case, the Honorable but that will not happen, the Court will not pursue my allegations. When I refer to "Open Court" that would be the large, public courtroom, not the private courtroom, the large public courtroom, so that we and others including the media can find out, Who high jacked Justice in The Arizona?

The Court and Mr. might enjoy playing games of a Circus nature when my health is at great risk, but may I assure you, I, and my do not, and this game is over.

Please advise me ASAP as to what possible recourse I may have in this matter.

Sincerely,

Encl., CERTIFIED MAIL
