ORDER

The complainant alleged a superior court commissioner improperly ordered a jail to forcibly medicate an inmate.

The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the commissioner's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the commissioner did not violate the Code in this case. The next matter of concern, besides elected officials becoming Judges, are those same said Judges, thinking they've got authoritative powers to harm others. They can't order treatments, whereas, in order for a court order to apply, it must be a matter of life & death, only a federal Justice maintains such power, pertaining to the human body. Judge however, believes she's got the authoritative powers. In she ordered the to force a medication regimen, on This medication was ordered by or something along those lines. He's employed here The medication in question, is In the past Mr. has grown, thus, has contracted. I myself, have seen on T.V., ads from a law firm, labeling as a dangerous drug, with serious side effects, FDA warnings etc... Now, thanks to Dr is legally entitled to a portion of the trust set aside already for damages, as the manufacturers of, have conceded to alleviate this medically induced genetic mutation. I shall now be filing for the removal of Dr. license with the Az. Board of Medicine & Licensing, as well as, the impeachment process of Judge due to her direct court order, causing the permanent damages, to another human being. This is why, Judges are appointed & must graduate or law school graduates, in 49 States & the Federal Government. Recently, Mr has decided to openly admit he's learned he's gay. He's also made it clear he wasn't this way prior to the court ordered treatment. The physical alterations, due to medically induced, further resulted in psychological alterations & changes. I've further explained to Mr. he may sue Arizona, County, Judge Personally, Dr. Personally. He's now entitled to millions in Arizonian tax dollars.
