since he was

Even though I had to represent myself, I felt as though the Evidence that I did produce at trial was very good evidence in this case. And the Judge Honorable looked the Evidence I presented and went off statements of facts presented by Respondent Lawyer that were not true and they had no documentation and or the documentation that they did have was self made and fabricated to fit the needs of Respondent arguments in the case.

This is what I proved through my Evidence. I proved there was ongoing throughout the I proved this through police reports arrest records and hospital exams and doctors reports. I proved I have an ongoing injury from Respondent grabbing me by the toughing me over the footboard of our bed, Even pulling my injuring my over and over again. I proved I have found so far through medical examinations that I have in my and ones. I have loss the strength are. I proved I lost worth of income

from my previous job and [redacted] years of built up clientele. I not only had to take off work due to my injuries but I also had to take off work due to the ongoing problems with our [redacted]

In [redacted] I tried to gain a [redacted] from Respondent in [redacted] had questioned him about the allegations and of course notified [redacted] The [redacted] had some delay and even though [redacted] told about his father. Father of course denied the allegations and the case was closed.

In [redacted] I closed the case of [redacted] in [redacted] because even though we had agreed to [redacted] the State of [redacted] would not grant it to me.

So in [redacted] I moved the [redacted] and myself to my home in [redacted] In [redacted] after residing here for the required [redacted] Father and I had his pre prior [redacted]

lawyer a relationship specialist of AZ file and do our divorce together. We entered into agreement for sole custody property division and debts. We had agreed on everything.

In our divorce became final in County. In

Father came home and again assaulted me and told me that he would kill me and if we ever told anyone about him the

Because the was having so many difficulties in school I transferred to a new school in hopes that getting the father out of our lives would also change how was acting.

After Father came home in the again took a turn for the worst at school. told the school wanted to kill and that hated Dad and wanted him dead. The school called and asked me about the accusations. Because the was attending school at an out of district school rather than home based school. I was trying desperately to let them know things would get better now that father and I were divorced.

That did not work, The [redacted] took a turn for the worst and was going on and on about what [redacted] father had did to [redacted] in [redacted] So in [redacted] during spring Break the only thing I could do was take the [redacted] to [redacted] and let him report to the Police what he was saying [redacted] father had done to [redacted] I then returned to AZ and [redacted] was then withdrawn from the school and placed on Home base instruction.

I had told my X husband that our [redacted] was telling on him and that in which [redacted] had done [redacted] in detail. My X husband stopped making his [redacted] payments and all I could see to do was return to the [redacted] and enter him into the [redacted] program and start getting him the services he needed through the state.

I also entered him into [redacted] home based school in [redacted] They immediately noticed the need for intervention and placed the [redacted] an IEP labeled [redacted] with an emotional disability and placed [redacted] on one on one instruction in a self-contained class room. I entered [redacted] into Parent child interactive therapy through the victims program and we began counseling. In [redacted] I was served papers from his [redacted] wanting to take us back to court in AZ.
