**ORDER**

The complainant alleged a superior court judge was prejudiced against him, did not afford him an opportunity to be heard, and engaged in improper ex parte communication.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

After review, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

The reason for this complaint against Judge is due to the Judge being bias. On I had trial court, and before I was allowed to present my case Judge notified me that there wasn't much time for me to represent myself so to make my speech quick. He rushed me through out my presentation which didn't allow me to represent myself the best I could. It seemed as if he wasn't aware of my exhibits. Judge came off as if he didn't care about what I had to say. However, when the other parties lawyer spoke, he gave her more than minutes to speak and counter question my witnesses without notifying her of shortage of time. It seemed as if he knew of her exhibits and was prepared for her presentation. On the previous court dated he mention he had spoken to the lawyer about my petition for a continuance (without my presents). I strongly believe that lawyer & Judge have had discussion about our case without my input. If Judge is not aiming to be patient or caring for my matter, he should be removed from my case. My case has been going on since and I really need a fair Judge who understands cases.

Judge still hasn't given a ruling on my rights yet set a decree for me to pay of attorney fees and to pay for the other party (as it is orderd from ) I wouldn't have to file a motion to modify. Judge is being bias, unfair and creating hardship for me. There was a reimbursement that was suppose to be rewarded towards my but I forget to mention it while court was still in session, so his response was court is over. He threaten me with jail, due to and ruled all in the other parties favor without considering what is in the best interest I am the one who started this case just that hired a lawyer and served me first. I am lost for words on where I stand as a , who is fighting to Is my duty just to pay and never I am seeking a just and fair trial for my rights as a parent. Nothing got modified other than to the other party. Please, take a close look into my case and help me out for best interest. thank you!
