Judge:

Complainant:

ORDER

The complainant alleged a superior court judge was prejudiced against her, did not afford her an opportunity to be heard, made false statements about her in a court order, and made improper rulings in a custody matter.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

On all court dates, he did not give my witnesses a chance to testify and also always showed he was siding with the other party. Also even though I gave him evidence of abuse of me and my children he still let the other party have the children. He also did nothing about the other party moving out of Maricopa County even though the other party never gave request to move through the courts. Also my husband ^{that passed} away had an heroin problem and I was proven through CPS of 99 u.a.'s and one hair follicle test that I had never abused any substances. In the last court document it states that ^{that passed} ~~has~~ had an heroin addiction for years, he accused me and made false statements that was not about me, it was my husband that had the problem and that was proven. He is unfair to make me pay for drug test knowing I have no money and that I was not the one with the problem and the one with the problem ^{that passed} away. It is judicial misconduct when a judge has proof of another party or spouse that had a problem and still makes false statements it was me. I'm not

allowed to visit my kids without prior drug testing and that is unfair and wrong. I am appealing his decision and am asking for a review and discipline for his false statements and wrong accusations and false accusations when I had proof it wasn't me. I put in emergency orders and request to change the judge and always get denied even though my kids were homeless and then moved out of court's. I feel he is unfair and makes false and wrong accusations and would never make a right decision. Now my children are in a two bedroom where more than 10 people reside and there is no running water to the home or hot water
