Dear Sir, Please allow me to file a complaint on the _____ and the _____
 _____ and the _____ Upon my
 mother's request I, _____ and my minor child moved to _____ with my
 mother, _____ who has _____ as her chosen care giver
 Unfortunatel _____ members of our family want her money faster than they are willing to wait for
 her to die. _____ of these family members who have lived in _____ for several years
 were never meant to inherit anything since they are not her children but instead her older
 brother, _____, and his wife _____ I trusted my _____ and blew off all the things he
 said to cause trouble between Mom and me. Then Mom was diagnosed with _____
 She began _____ and her condition worsened. One week before
 she was very dehydrated and running a fever and her blood pressure was very low and
 Mom was in a great deal of pain. I called an ambulance. Since my Uncle lives
 he was there long before the ambulance but I wouldn't let him in the house. Then
 the unthinkable happened, the lead Emergency Medical Technician talked my mother out of
 going to the hospital. At first she wasn't allowed to get on the gurney when she stood up as
 soon as it came in her room and that confused her. As soon as he had her convinced she did
 not need to go to the hospital against my wishes he spouted patient's rights. Since the EMT
 was so thorough Mom wouldn't let me drive her to the hospital. _____ days later when I
 finally was able to get Mom to Dr. _____ office she had _____ blood pressure and
 _____ called an ambulance and Mom spent a week in _____ for severe dehydration.
 The lack of oxygen to her brain made her vulnerable to _____. So _____ and my brother and
 sister put a GPS on my phone and lied to Mom and said I was lo _____ g at nursing homes. They
 all kept Mom tired and cranky and angry at me at all hours of the day and night while at the
 same time keeping me from sleep and constantly reminding me of all I lost when the
 wouldn't help my now _____ ex-husband and father of my minor child. I
 repeatedly reported physical and financial abuse committed by _____ to the police and to my
 brother, _____ and to Dr. _____. The
 refused to go to a business where I reported abuse happened and ask to see their security
 video. They ignored my reports that I witnessed _____ shutting off Mom's sprinklers so she
 would have to hire him again to replace the plants. As retribution my family told her I was
 poisoning her and got me evicted out of her house, hacked my phone and email deleting my
 proof, and Mom to cut me off so I would be forced to spend my savings so I can't afford a
 lawyer. My minor child is still in the house and they are trying to get her out next. Her
 father has abandoned her _____ and the government has abandoned her _____ times and her
 mother is forced out of her home. The eviction hearing started off with which _____ I was
 since the lawyer charged her to have me served at my mother's home in all _____ of my last
 names including my maiden name. The judge was very interested in _____ abusing _____ until I
 mentioned the EMT talking Mom out of the hospital. And out I went. Every time I got Mom

to let me back in someone in the family would lie to her and out I go again. The judge denied me even though he knows I have a below poverty income level. The wouldn't allow me to file a complaint about the and made me go through the which when the office was rude and insulting and b on Mom last month to and they refused to go look. Also I reported the month before. MY family made sure I couldn't take her to a neurologist to stop them abusing her. My mother was already well to do and now she is getting a large settlement very soon. It is not just Mom's life in danger from my family but also my child and myself. The of them have worked very hard for years to drive me out of her life for her money so killing my child and I would be no problem to them because it would increase their share. Please have someone do a real honest investigation. Thank you for your consideration.
