COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 17-028

Judge:

Complainant:

ORDER

The complainant alleged a superior court judge (now retired) and a pro tem superior court judge made improper rulings in two civil cases.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judges engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judges' rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judges did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety as to both judges, pursuant to Rules 16(a) and 23(a).

When the _____ enforced a restraining order scam that didn't apply to me and disturbed my private territory without a permit, they also abused a handicapped _____ and they also directly and indirectly helped the con-artist named _____ to take possession of a house that he did not pay for with his own money. 3. Up to this date i was not able to take possession of my property and my computers (other private things) that were left behind thanks to that scamming procedure. 4 _____, when they enforced that caricature restraining order, they promised that nobody will touch my things and that I will be able to recover my stuff if i just go along with their scam and their corrupted court proceedings. That was about _____. I need those _____ to pay for that scam and all punishments to be calculated per second, as time is measured in seconds and not decades. (_____ minimum fine calculated at _____ 'sec of interference). That punishment would be fairly accurate only if my private territory was governed by _____ laws invented by _____ answers to my laws on anything directly related to me because that's were my laws actually apply.

7. My _____ paid _____ money to represent him properly in that non-existent case, only to find out that he got scammed too.

8 _____ failed to provide an attorney that can represent me properly expected to be paid in advance and he was not able to guarantee anything useful.
