

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 17-050

Judge:

Complainant:

ORDER

The complainant alleged a superior court judge's ruling was unfair.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23(a).

Instructions: Use this form or plain paper of the same size to file a complaint. Describe in your own words what you believe the judge did that constitutes judicial misconduct. Be specific and list all of the names, dates, times, and places that will help the commission understand your concerns. Additional pages may be attached along with copies (not originals) of relevant court documents. Please complete one side of the paper only, and keep a copy of the complaint for your records.

I believe that granted severance of my parental rights in a unfair, discriminating & in a way that judicial misconduct was made, I was dealing with the lose of my mother, which I worked through, as well as my I just started medication for during the trial date w/ in which he didnt take into consideration. Nor did he allow me to demonstrate if my medication helped progress my mental state or not at all. I believe it is unfair to terminate my rights when I was still working on bettering my self. It is unfair to assume prolong when I am working through grief & I learned there is no

time frame for Grief. But I was
still engaged in making progress in
services I ~~to~~ myself ~~to~~ suggested would
be beneficial ~~to~~ towards recovery.
