

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 18-059

Judge:

Complainant:

ORDER

The complainant alleged a superior court judge improperly refused to terminate his probation early, improperly modified his probation, did not afford him an opportunity to be heard, and was biased against him.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23(a).

YOU have sent this order showed bias then there has more attorneys including the last one I hired with his motion to reconsider again denied. This Judge knows he has the court has erred by 2 attorneys including the reasons why? After he admonished me for sending him a letter noting in the letter 2 other Judges ruling one being who you know myself etc. AZ Rules not Rulings. Including the very first hearing with him as I explained I had a conflict of interests with him from that he was pressured out of the school by his classmates stating we had never met. We did. I also explained to that in order to modify ones probation there must be a motion under AZ law by rule 412 (a.b.c) Probation must file a motion to modify my evidence must be present (a) and there must be evidence (c) if there is no evidence then my US Constitutional right have been violated by due process. These laws were incorporated into the AZ State Constitution in 2010. So probation keeps going in contempt of the other Judges rulings as well recently ruling. I have transcripts from an up showing many instances of Criminal Contempt. Once again has ignored this in such a matter. THIS Goes way beyond any sort of bias or prejudgment which does exist. HIS conduct is illegal Against the laws "WITH DISHONESTY". If they are dishonest with them selves they are dishonest with others. Now I have all the proof for this statement with support of other credited people and sources. If you decide to ignore this. I will have no choice to go-public all over. I also know your resources or limited after all there are only 4 members employed at that location. Do Call me
