Dear Sirs,

Re:

2018-071

Thank you for your time and attention in reviewing this matter.

I am

years old and a

I have been a law abiding citizen and respect our legal system.
Recently, I contested a traffic citation which was handled by the
Courts, by I'm told.

I was guaranteed a telephonic court hearing to be held,

for which we were prepared. The hearing was never held and
I was declared in default plus fined \$

My driver's license was suspended even though beforehand I had filed an appeal.

A suspended license means my vehicle would be impounded. I unwillingly
paid the fine for FEAR of losing my vehicle, w/o admitting fault. I must have
it to taxi my grandchildren to school, home, etc.

This can all be verified by my attorney.

A gross miscarriage of justice has occurred when a promised court
hearing is not held and the court rules against the defendant w/o hearing the
case. I had been assured of a court hearing. Even the court staff is puzzled.

If a court officer such as cannot handle a traffic matter,
she should not be on the bench of the Court. She needs to be admonished or
disciplined, maybe even removed.

Please look into this matter and have the case tossed, my name cleared, and
the fine refunded.

Kindly call with questions or concerns.

Thank you.

Respectfully,
