**ORDER**

The complainant alleged a superior court judge was trying to have him killed in prison.

The responsibility of the Commission on Judicial Conduct is to impartially determine if a judicial officer engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of a judicial officer's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judicial officer did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23(a).

To whom it may concern,

→ would like to file a complaint  
on judge

judge, and I'm sure with  
the help of the corrupt prosecutor and  
detectives in my case, had me moved  
to the most violent yard in the Arizona  
prison system to have me killed.

→ means this literally!

Like D.O.C. literally wanted for a bed  
to open up on this yard to move me  
here! when → could have gone  
right next door in

to  
where guys are not being killed  
or stomped out all the time!

judge literally and  
intentionally sent someone innocent  
to prison to cover up heinous crimes  
and violations of my rights committed  
by her as well as but not limited  
to the above in hopes to shut me up  
and since that not working she has me  
moved to the most violent yard to have  
me killed!

There has been numerous guys  
killed here and stomped half-to-death  
for the something she covered up for  
on my case where the detectives have

2

Legal

Conspired to have me killed!

They literally sent me here to have me killed! This is not a job!!!

And → wouldn't be surprised if judge ~~judge~~ has a hand in this knowing she's too much of a coward to put a stop to this crew of corruptors, so to get a pat on the back for covering up what her corrupt colleagues have done.

→ in assuming trying to have someone killed is not against Article 6.1, that there's no conflict when judges are trying to kill someone to shut them up, because of all the crimes and violations of ones rights?

(Furthermore, all of these "investigations" you've done → would like to know and have copies of all discoveries you have accumulated over the years, what pieces you've taken to gather this information etc, and follow up.)

Why info:
