**ORDER**

The Complainant alleged a pro tem municipal court judge refused to review his evidence, did not advise him of his right to an appeal, and engaged in improper demeanor in a protective order proceeding.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Rules 16(a) and 23(a).

Order of Protection Amended Order

Case #

Court

Order of Protection Amended Order signed by \_\_\_\_\_ on \_\_\_\_\_

I am a \_\_\_\_\_ of \_\_\_\_\_ origin. A very unjust and biased order of protection was issued against me by a judge, \_\_\_\_\_, in the \_\_\_\_\_ Court, filed by \_\_\_\_\_, during \_\_\_\_\_. During the hearing, he refused to accept my written account of the imaginary and delusional suspicions, without any factual, logical, or other evidence, on the basis of which he had issued that order. He did not explain the options available to me and continued that order. When his assistant told me that I had the option of appeal against his decision, he told me that I had waived that option. When I told him that I had not waived that option and he had never mentioned that I had waived that option or I had the option of appeal against his decision, during the hearing, he told me that he did not want to argue about that and I can get an attorney! He did all that in front of his assistants and others present in the court.

This case involves complex medical, scientific, logical, factual, and legal issues. Judge \_\_\_\_\_ refused to accept and examine these issues, which I had offered to him in my report. Instead, he dealt with the case most superficially, ignorantly, biasedly, and robotically.

Currently, I am traveling abroad in several countries for an extended period of time. I need to know what can be done against such bizarre, biased, racist, anti-factual, and anti-logical decision and order of protection. During my foreign travels, I request that all communication with me should be done via email at my email address \_\_\_\_\_

Following are some of the details of this case, which Judge \_\_\_\_\_ did not allow me to present to him.

Sincerely,

Tell the judge what happened and why you need this order. A copy of this petition is provided to the defendant when the order is served. (Do not write on back or in the margin. Attach additional paper if necessary.)

Dates

Above is the statement of Plaintiff, \_\_\_\_\_, contained in the Order of Protection of \_\_\_\_\_, on the basis of which the Order of Protection was issued and continued against me. This statement was only given to me by the judge at the time of hearing. It was not included in the Order of Protection that was served on me. Therefore, I did not have the needed time to analyze and respond to that. How is that permissible in such cases? It states, “

\_\_\_\_\_” She is not even sure \_\_\_\_\_ She did not see anyone. She just felt that \_\_\_\_\_ morning. She always \_\_\_\_\_ . She did not \_\_\_\_\_

\_\_\_\_\_ . How can such delusionary and imaginary statement, without any factual, logical, or other evidence, be used to issue and continue an Order of Protection against me? Just because I had the misfortune of having \_\_\_\_\_ house? Moreover, even this statement is in contradiction with her statement in the police report, in which she stated that when she saw \_\_\_\_\_ after she went to \_\_\_\_\_ . According to that statement, it was that \_\_\_\_\_ that referred her to the police for filing a police report and not that she felt that she had \_\_\_\_\_ and went to the police and \_\_\_\_\_, as documented in her statement in the Order of Protection. As documented under Item 1 below, \_\_\_\_\_ had also made several false, incomplete, and paranoid statements in the police report.

Following are some more relevant details of this bizarre case, which is the most demonic assault on my integrity, honor, and life. Judge \_\_\_\_\_ has completely collaborated in that absolutely unjust, fictitious, and demonic assault. Is he accountable to no one? What does it say about the judicial system in Arizona and the US?

1. According to her police report testimony, \_\_\_\_\_ woke up one morning, \_\_\_\_\_, and went to some emergency clinic. Instead of referring her to a knowledgeable and experienced \_\_\_\_\_ or other specialist for diagnosis and treatment, they referred the matter to \_\_\_\_\_, as a case even though \_\_\_\_\_ stated that she did not see anyone anything happening, when it was happening, and only \_\_\_\_\_

Nevertheless, she got talked into by the emergency staff and the Police Department personnel that impossible to sleep through and Police Report, she mentioned that similar and that time too she did not see anyone and only discovered them scientific literature, copies of which were sent to

are not uncommon and result from various underlying diseases, some of which are deadly, like cancer. Most ordinary doctors and nurses do not know about them. Only knowledgeable and experienced know about these and can diagnose and treat these. Any delays in accurate diagnoses and treatments can endanger the patient's life and reduce her chances of survival. As has made several false and incomplete statements to the emergency staff and the , about her medical diseases and some other matters, documented in the -which I identified and submitted to in my letter of - we do not know whether the mentioned above, were the only that occurred in . By characterizing these , against all common sense and factual, logical, and other evidence, they not only have potentially endangered her life-as, according to medical and scientific literature, if the underlying causes of , some of which are deadly, in are not diagnosed and treated in early stages, these reduce the chances of survival and can lead to death, they also subjected me to bizarre, obscene, vulgar, and crude suspicions-which are without any factual, logical, or evidencial basis – of having caused them, just because . Some of the alleged injuries in may have been self-inflicted or . Having developed a very due to , such alleged injuries can happen to various parts of . During injuries to some parts of times, by These were also caused by slightest against the doors or other objects. As I have stated repeatedly, I had absolutely nothing to do with whatever happened to . All the documented, logical, and other facts and evidence, as well as scientific and medical literature, indicate that it was not , and, most likely, it was due to some underlying diseases, and the use of blood-thinning medications that which, according to the medical and scientific literature, also cause . also has rather , which are, undoubtedly, part of the same syndrome.

2. DNA samples were taken . The police investigator informed me on that samples tested, which were most likely to contain . Some samples still remain to be tested. The investigator informed me that if is

found, or if it is found and does it, they will terminate the investigation against me, as they have nothing else against me.

3. In her statements in the police report, in relation to about apart, she stated that she suspects that these were caused by my abusing her ! How can anyone believe that she

or investigations?

The police officer, who interviewed at the hospital, wrote the following in the report:

“ ” If something is happening to her body, how can she arrive at the suspicion that I am causing it. She has been saturated with various very serious physical and mental health problems for a long time, which are now getting worse.

4. has numerous physical and psychological illnesses and is taking some potent anti-depressant and other medications, some of which have severe adverse effects. One such adverse effects is that she is psychologically very unstable and spaced out. This is also evident in her many false, twisted, irrational, and spaced out statements in the police report. Among other things, having and , she has started acting as if she is some kind of . It is bizarre and ridiculous in the extreme. As mentioned previously, she made several unwanted and unexpected advances to me by telling me repeatedly that her had told her that . As mentioned in my letter to , she complained to my friend, that I did not go to restaurants or movies with her. She made similar attempts with and told me that she will go to restaurants and movies with him. I and ignored such attempts and did not respond in any way. informed me that he was not interested in any kind of relationships with her. It is quite likely that such attempts were also made with some other men. She apparently has very low self-esteem. Pretensions of being may compensate for further loss of self-esteem by such rejections of unwanted advances, besides some kind of perverse revenge.

Now this is trying to present herself as some kind of an irresistible , and men, who run away from her when she is awake and throwing herself onto them, are supposed ,

!!! How is it possible to believe any of such bizarre nonsense?

5. I have no such illnesses. which is very effective. I have some , but do

6. I have a perfect \_\_\_\_\_, since my arrival here in \_\_\_\_\_, as well as in other countries, where I have lived and worked., as a \_\_\_\_\_. I have never been arrested or suspected or accused of any crime, anywhere. Do such facts have any relevance in the police reports, investigations, and orders of protection?

7. Currently, I am an \_\_\_\_\_ and writer in the \_\_\_\_\_ of social and biological sciences. I have a \_\_\_\_\_. During my past career, I have worked as a \_\_\_\_\_ of \_\_\_\_\_ centers in several countries. In the \_\_\_\_\_, I worked as a \_\_\_\_\_ with the \_\_\_\_\_.

How is it possible to suspect, without any evidence whatsoever, that a person with my qualifications, background, and spiritual and intellectual development can engage in such heinous, bizarre, and obscene actions, as being suspected, in case of \_\_\_\_\_?

8. As mentioned in my letter of \_\_\_\_\_, after her husband died, \_\_\_\_\_ accused the doctors treating him of killing him and sued them in the court. Her case was \_\_\_\_\_. Specific information about that case can be obtained from \_\_\_\_\_. \_\_\_\_\_ and court records. It is very likely that she staged this drama to try to make money from whatever caused \_\_\_\_\_.

9. I can hardly overemphasize the fact that I am a victim of cross-institutional ignorance, negligence, arrogance, and bias in this case. Among other things, the extremely discriminatory and biased handling of this case by Judge \_\_\_\_\_ involves clear violations of the Fourteenth Amendment of the US Constitution, Section 1, Equal Protection of the Laws.

Sincerely,
