Complainant:

ORDER

July 10, 2019

The Complainant alleged a superior court commissioner improperly withheld her son from her in a dependency proceeding.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on July 10, 2019.

Punished for being a loving Mother- By :

First of all I would like to thank the Committee of this Criminal Justice Reform Forum for giving me the opportunity to speak to everyone this Morning. In regards what is currently happening to my son _____, who is currently being held hostage against his will and mine by The _____ " _____". Who claims they take children for the " _____". My Son _____ is not a case number. Although the _____ assigned him a number for their identification purposes, He is not a case number. Let me start off today by me telling everyone who my son really is :

My Son _____ is a beloved Brother , Nephew , Grandson , a Best friend to his Best friend _____ who loves and misses _____ and asks about his best friend everytime I see him . My Son _____ is greatly loved and missed by everyone who loves and knows him and believe me when I say My Sons smile alone can light up an entire room and there is not a day that goes by that I do not cry missing My son _____ who was wrongfully taken by _____ " _____ " and _____ all for me wanting a second opinion and as a loving protective Mother instead of being able to seek out the best medical treatment and options for my son _____ , I was instead punished and retaliated against for wanting to give my son the best options available to my son .

On _____ (_____ ago) is a day that burns in my mind and replays everyday , The day that _____ " _____ " unlawfully (without a valid court order and a valid Warrant) , stripped me from my son _____ (diagnosed _____) and me a loving mother from my son who needs me in his life to thrive and heal from everything that they have done to him . He was

taken from the safety of me his loving mother his loving family and friends and now being held a prisoner against his will and mine in a group home without access to what he known at home : His phone , his playstation, his books , his games , his car and train collection and being drugged and having other procedures done without my verbal and written consent which goes against state law : Arizona's Parental State Bill of rights .

My son being treated worse than an animal and no this does not sit well with me at all !

The reason for the unnecessary interference and involvement ? Over one retaliatory phone call from Dr. for me wanting to get referrals from my sons PCP provider for follow up. The unlawful taking of my son was done: 1. without a valid warrant 2. without a valid court order within 3. And without a due process hearing in front of Jury of my peers as stated in our Constitution as my fourth amendment right . No this is not Okay !

An Ex-parte removal is not either a valid warrant nor is it a valid court order . It is a document that is being used to secretly expunge the rights of loving mothers and fathers and the the right to due process . If a crime has been committed do we not have a police force , do we not have already proper courts of record with proper judges and a proper Jury? What then is the purpose the secretive evil institution of unconstitutional family " " ? There is no purpose for the family " " existence and they therefore need to be shut down for good! Arizona's State Bill of Parental Rights declare that I as my sons loving Mother have the right to govern the direction of my son Education and the direction of his Medical Care .

Why was this State law ignored by the and my rights not honored to protect my son , but instead I was retaliated against by for not only protecting my son , but for me wanting the best medical treatment available for my son ?

Where I want my son to be treated , the doctor I want to treat him and what treatment should not be dictated to me by Any Doctor , Hospital nor the

“ . Where I want my son to be treated , whom I wish to treat him and what treatment options is MY CHOICE ! Instead of honoring Arizona State law , The went against state law to unlawfully kidnap my son away from me , his loving mother and I was taken away from my son the only safe haven my son has ever known for security and safety by brute force , by armed security Guards and two armed police men .

This is where the stigma of all children taken away by are from abusive homes needs to end ! Because percent of children that are unlawfully taken by are from loving families not abusive ones . I am not Therefore the bad Mother that the wishes to paint me out to be . I wish I had a slideshow available to show everyone today the loving bond of years me and my son shared with one another before he was kidnapped by They by strong disillusion believe that they have the right to infringe upon our bond and they have so boldly interfered with by their lies! If I could show everyone a slideshow of photos of me and together and him with his family . Everyone could then see my son was taken from a loving family and that I as my sons loving Mother have been his anchor and support system all his life and a safe haven for my son diagnosed on

Now I ask why does the think they have the right to so boldly and without remorse or compassion think they have the right to strongly interfere with a loving Mothers protective bond with my son ? And why does The say not only do I have to beg them to see my son (when they are the ones who wrongfully and by lies have taken my son unlawfully in the first place), Now I have to beg to see the results of my sons psychological evaluation which the performed on my son
