COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 19-230

Judge:

Complainant:

ORDER

October 9, 2019

The Complainant alleged a superior court judge allowed a forged decree to be entered and made improper rulings in a family law matter.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Rules 16(a) and 23(a).

Commission member Colleen E. Concannon did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on October 9, 2019.

COMPLAINT AGAINST A JUDGE

Name: _____ **Judge's Name:** _____

Instructions: Use this form or plain paper of the same size to file a complaint. Describe in your own words what you believe the judge did that constitutes judicial misconduct. Be specific and list all of the names, dates, times, and places that will help the commission understand your concerns. Additional pages may be attached along with copies (not originals) of relevant court documents. Please complete one side of the paper only, and keep a copy of the complaint for your records.

Since law enforcement is also involved in this situation that the _____ said long ago showed signs they noticed tying this possibly to organized crimes and the whole situation of this stupid divorce has caused us all grief I am again asking that you all review this case and look closely at the decree. Which to me appears not signed by the judge but more as a copy of what the attorneys submitted and was signed by possibly _____ but considering that _____ detectives supervisor said the judge in this case approved signing my maiden name after the divorce to a check forged and submitted for payment to maybe Judge _____ did approve this garbage but I don't really think so.

In _____ Judge _____ seemed to come unglued when I brought up the _____ and it seems to me she may have never received the package I sent her and if you look closely at all copies of the decree that was submitted to the court with special attention to the courts stamp and the signature and the other signatures I have seen of the judges I think you may find it was the attorney and the court staff that may have created this mess.

There is a new judge now I have not been able to get a motion through to and I believe that there are nice people working in the clerk of courts staff but I think you have a problem in some of the staff that helped create this mess.

I had been separated for financial accounting by _____ for similiar crimes to what _____ has continued and says the judge approved in a way she did by letting this all continue instead of ignoring it and I had asked your office and the judge above her as well. I now know that there is a ton of corruption from city to federal level in _____

This has created a situation where tiny children are at risk so I am not in any mood to play games with anyone not willing to do their jobs any more.

decree and _____ and then check your _____ county register of deeds in _____ and the one in _____ and I think you will find that _____ did not agree with the corruption and crap done by this court however it would make things easier on law enforcement if the divorce were cleaned up and considering the money and time in my life this has cost and I paid money for this crooked mess in belief I would get a real divorce, if you all do not see the same case I do then ask me for more copies of what you need and send me the ones you all have because you all told me you did not see a problem before and anyone else can see plenty of problems that have continued and cost me everything including my credit, my signature according to some idiot supervisor in the detectives division unless the state of AZ really does authorize ex spouses or spouses from fake divorces to sign my married and maiden name to items that I never authorized.

Can you tell I am upset? You try putting up with someone holding your kids and unborn grandchilds life over your head to avoid prosecution, then you can tell me what a _____ I am after I do this kind of crap to you for years.
