

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 19-283

Judge:

Complainant:

ORDER

November 20, 2019

The Complainant alleged a municipal court judge was biased against him and ruled against him because of his size in a civil traffic matter.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Roger D. Barton and George H. Foster, Jr. did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on November 20, 2019.

To whom it may concern my name is

2019-283

I went to court on my experience in a

court was very disturbing the officer that did the his body

cam only showed of the Cam to the judge he did

not show the whole thing like he should have the judge asked

me if I had any questions I ask them to officer the

judge more or less found me guilty she said because of my

size. I am a person I am . The judge found

out why is a I am a

and I work for

have been there she said because of my I am

very intimidating and her gut feeling was to charge me more

than which she did she had it on more dollars

first then she added another notably is she prejudice but

she is very biased against me and the officer was intimidating

towards me when we were at the accident he was very sweet

to the girl and he told her as far back as she had parked

which was from the he said he should give

her a ticket but he won't because this was her way of fighting

back. There was another female that had talk to her and she

told her that it was really easy to put a against

me the officer never gave me her information so I could turn it

into my insurance instead he gave her his card with the report

number on it and he got her phone number I went to

take a picture of her license Plate . Officer jumped out

of his vehicle and came over to me and accused me of trying

to steer the girl down and intimidate her and he says my
was I was ready to fight her and I had

He told Officer told me that this was the kind of
attitude was going to get me arrested I asked Him how officer

told me it was my attitude and he could arrest me for
disorderly conduct. As far as I'm concerned the

courts have a Lotta improving to do I was discriminated and I
was told because I'm I am intimidating and the officer

only showed what he wanted to on the his body Cam to the
judge to prove that I was guilty even though there was a

witness that told him she did it and he just told the girl she
could leave he did not get her name number. The

officer was very rude to me and trying to get me to do
something so he could arrest me. But being in the quart room

the judge it seem like she had something against me because
I am I'm in I

am a and I worked with for over
in for another

she was really upset with me. When everything was

finished the judge said I was guilty and if I wanted to pursue
her decision I was more than welcome to and I told her I was

going to and I guess that made her really upset she got up
went out the door in the door sort of slammed when she left.
