**ORDER**

February 12, 2020

The Complainant alleged a superior court judge was biased against him and made improper rulings in a family law matter.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Colleen E. Concannon and George H. Foster, Jr. did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on February 12, 2020.

Sir/Ma'am,

This is the hardest thing to put down on paper, this judge has been selected because she have bias towards women and hatred to men she wasn't assigned to my case but it has been changed to her and i knew i am not going to get a fair treatment, she can clearly see that i am out gunned by the Ex Wife and she can clearly see that i have been played and manipulated and my Ex Has gamed the system and i have explained that to her, she acted like she hates me and have a personal vendetta to take with me and she looked and she spoke it and she gave a judgement that would ruin my relationship with my child and ruin my life too.

She ignored the evidence I have provided and she took every evidence my ex provided she selectively chose to listen to the other party over one just because of her personal beliefs.

I think she should be stopped from creating further damage to peoples lives and I firmly believe that I haven't been treated fairly.

1. The orders states that I havnt been in contact with my child for YEARS that is in correct and we have addressed it the provided the evidence.
2. I have been away for a few months for my military training.
3. The judge gave my ex the sole decision making and she clearly don't do anything in the interest of the child we even talked about her mother refusing to take the child to the doctor even when multiple doctors says she needs testing and the judge used that to prove that I am the one who doesn't the child interest.
4. The judge insists that I have no contact with the child even though I have proved that I have never stopped contacting my child.
5. The judge allowed my ex not to state all of income even though I have proven that she have a property that brings her and extra a month, also my ex have inherited money from her father that adds more revenue. The judge rejected that even though my ex admitted that she have the house in court.
6. The judge order child support that I cant afforded ignoring that I can barley afford my lawyer fees and the sensitivity of my work in the military and is now putting my career in jeopardy even though I have explained that in court.
7. The judge also ignored the fact that I have another child a new born that needs expenses.
8. The judge accepted every lie that has been made in court by ex and none of the facts I presented.
