**ORDER**

April 1, 2020

The Complainant alleged a superior court judge gave legal advice, refused to review evidence, and improperly allowed a defendant to be represented by an attorney the defendant fired.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Joseph C. Kreamer did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on April 1, 2020.

6. Also he allowed the prosecutor to defend the lawyer in the previous case before case by allowing her to speak on behalf of the lawyer

7. His attitude was less than honorable because when a friend raised his hand to be heard he immediately made fun by instructing the room to inform that this isn't kindergarten and that he doesn't have to raise his hand when he knew that the lawyer threw a motion the lawyer looked at was tired and yet he allowed him to represent anyway

8. The judge made it quiet clear that all questions should be directed to the lawyer when the motion was based on the lawyer's statement to his mother he was tired of the case
