**ORDER**

May 21, 2020

The Complainant alleged that a justice of the peace violated her due process rights and deprived her of the right to be heard.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Colleen E. Concannon did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on May 21, 2020.

I was sent a pretrial date by this judge  
to appear in Court on  
as the judge had rejected a motion by an alleged  
attorney/firm representing or telling the court that  
they are the statutory agent for  
This case was filed by me back in  
against

After process servers were unable to serve  
at the ISA on file with sent the  
court documents to the alternate address  
listed for which  
was the personal address of the (CEB)

The violation of my due process under law has  
occurred in the judge not seeing me in  
court today as I appeared for my pre trial  
date and for the court's failure to look seriously  
at my case which clearly states from the onset  
that I (CEB) fails to maintain

A statutory agent and as  
is not that agent no documents  
have been served to him, yet he consistently  
to the court as a representative  
for a company that has been <sup>never</sup> served any  
court documents due to their  
failure to maintain and in good standing a statutory  
agent as an LLC. Attached doc from
