COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 20-172

Judge:

Complainant:

ORDER

September 24, 2020

The Complainant alleged a municipal court judge mocked his disability and shouted at him.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Barbara Brown did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on September 24, 2020.

I am sending a report to do a conduct review on Judge . I was a year Pre-MED Student at a Private School. I am currently a good kid and I am a social media influencer, that has had over Million fans across my platforms and Million fans per days (Impressions) I have study in pre-law. He is a municipal Judge. I have been to court with and I believe he is committing falsification of facts. I have a small medical disability that requires accommodations. I believe that she is a bit different with his rulings, He asked me very rudely if I had a medical disability and started shouting at me. He had a very bad attitude and treated me unfairly for personal bias gain for either his personal or political gain. He did not show any impartiality towards my mis conduct charge and did not listen to me at all. I was treated without any rules or accommodations while with him. He made me feel very scared and my life as a person was at risk with my confidence and my well-being. I believe he was very bias towards me and made me feel very scared. The way he approached my medical disability was scary. I come from a home and graduated with honors and nearly top of my class in high school, then attended my . Never have I been treated with such bias and disrespect treatment in a court room until I met Judge

You can get recordings and video tape of the court date. This occurred at the Municipal Court in Arizona. If you need any further information regarding my medical condition, and how to treat a human that has been respected, and not altering your judgement and being rude based on the medical disability, do let me know. We should take this as far as it goes. For yours, mine, and trust.

God Bless,

University

What do you mean in the receipt of my email?

I am unable to print it at the moment.

The disorderly conduct occurred on . I was seen and within hours I was seen again. I have a medical condition that affects my thinking. This was the same day later on Judge treated me like that. I can't remember. I know that it happens as the same day. I seen this incident occurred after I returned. I am not seeing Judge for this matter. I only seen him when i was booked. I have my medical condition and I have the best Judge . She has taken my condition serious and I meet with a doctor to discuss my well being. Please use the email as the complaint. Judge has treated me very unfairly and different. I have never been surrounded by such person to use this for his own gain. And the fact he made fun of me and my mental disability. I will also be contacting anyone else that will also take this matter serious. Thank you so much for your time and your concern to make Arizona a better place. The video tape of how he treated me should be available.

Blessings,
