

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 20-320

Judge:

Complainant:

ORDER

February 10, 2021

The Complainant alleged a superior court judge had not provided her with effective representation or given her proper notice of a hearing.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Joseph C. Kreamer did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on February 10, 2021.

Case

I am writing the commission of judicial conduct in regards to discrepancies in my legal representation. I have not received noticed to appear in court since [redacted] was my appointed attorney. With continued intusion into my telecommunications, search for legal representation and home and other aspects of my life I find it strange that I received an invitation to appear virtually in court (I was told there were other court hearings but have not received correspondences via mail since the last meeting I only heard about after wards and I have never received such correspondences by email). I found it strange I got this invitation for court as people are trying to force me to go along with being video tapped and monitored in my private home against my will. I also found it strange that my children and mine information has been released and I got this correspondence by email and not by mail and that [redacted] volunteered to represent me for [redacted] was not appointed and did not respond to my text messages asking that she look into matters that directly affect my ability to care for my children including home invasions, intrusions into my telecommunications, intrusions into my search for legal representation and harassment at my places of employment and into medical treatment and in my home. I want to file charges. I'm not in [redacted] and I need a lawyer in [redacted]. As harassment and discrimination is ongoing I am not dropping any charges neither do I agree to abitrate, mediate, or litigate any matters with out an attorney appropriately appointed. I am not willingly participating in anything that I have filed charges against and neither my home or phone have been warranted. I refuse to allow intrusions and need a lawyer to help me protect the rights of me and my children. I have included all of my former lawyers in this correspondence and if I continue to have a case in [redacted] I need a lawyer to represent me.

I have not received an appointment letter or proper documentation and included all of my lawyers in this correspondence.
