The Complainant alleged that a superior court judge made improper legal rulings.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member J. Tyrrell Taber did not participate in the consideration of this matter.

Since _____ has been the judge assigned to my case. Its all started the first court date with him when I explained that _____ (the other party in this case) was alienating me from my kids and tring to use the courts to punish me by taking my kids away due to our relationship with eachother failing. He then scolded me and said he is the Judge and He can see through tactics and if that is what is going on He will not allow it. However, _____ has taken a personal vendeta against me due to the brutal honesty I display in his courtroom. _____ has helped the respondent in this case _____ to alienate me from my kids. It is evident in the rulings _____ Has made. Since day _____ All I have reuested is equal parenting time and rights with my kids that their mom has. However, _____ has requested parenting time with no contact since day _____ has alleged many eronious acusations against me in which _____ has accepted as the facts without any evidence or truth being proven about the allegations made in his courtroom against me.

In _____ made called me from court during an emergeny hearing he granted without my knowledge asking if I was going to be to court soon. I explained I didnt know we had court and He told me _____ put in an emergency request to take away all my parenting time due to me being _____ for a situation;(that _____ caused and was at fault in. There is video evidence that was submitted to prove she was at fault and was the one causing the _____) I asked for _____ mis to show up and did show up. At that court date _____ took away my legal decision making rights and all my overnight parenting time with my kids. _____ said I was a danger to my kids and that I am " _____ (her words) and that I do _____ There was nohina that could even be slightly substantiated. But due to the _____ case I was fighting in _____ courts, _____ took everything _____ said as facts and made the first unjust ruling that set the parental alienation on course to take me out of my sons lives. So in his courtroom I was guilty until proven innocent. So I took _____ that I passed because I dont do _____ and never have. I was ordered to take a evaluation and passed with flying colors but _____ did not accept that evaluation as being concrete.He even said he might request another evauation from another place. and mine was from _____ which the court suggested. _____ ordered me to pay for drop off and pick up services since I requested a third party be at the drop off to ensure smooth drop offs because _____ tries to start fights with me and yells at me at the drop offs. So he punished me for requesting that and I had to pay for that service if I wanted tgo see my kids.

The biggest wrong this Judge committed is that while he held me as guilty until proven innocent on the _____ case; that was in a whole different _____ and had a Judge presiding over it; He let _____ use parental gatekeeping tactics and has encouraged the alienation between my kids and I. I was found innocent on all _____ charges in _____ court at trial. That Judge implied about the facts that _____ was the person who was vellina and causing the problem. After being found innocent, _____ still held me guilty of the _____ accusation from _____ and refused to look on the ruling in that matter because I told him I was acquitted of all charges. In _____ made an agreement with me to let me have my time with our kids if we stop going to court so I agreed. However it was another tactic and now I have not seen or talked to my boys since _____ This is wrong. And all the rulings prove _____ is an unjust judges making rulings from his personal feelings towards me for expressing all my frustration to him.

In _____ I requested a parenting time schedule be made by the courts since there is none in place at the time. I let him know I am still being alienated from my kids and just want some time with them. That request was denied. But the order from _____ says "
The court has yet to make a parenting plan or resolve this major issue of parental gatekeeping.

Also....
in _____ and _____ I made Oral requests during different court hearings for a new judge as the rules state I am entitled to, However _____ has denied those requests everytime. I believe _____ knows he has made some very unethical and unjust rulings in my case and doesnt was another Judge to see my case before He can ensure He protects himself from being wrong like he has been in this matter.

I will also be filing again to see a judge on this matter as This whole situation is wrong and shows me the truth about a lot of corruption in our system so I am sending this hoping its just one bad apple and not the whole tree.
