## Rule 6

# Change Of Judge

I had the pleasure of meeting \_\_\_\_\_ after my ex of now , \_\_\_\_\_ with not one complaint of my parenting, had decided that she has a boyfriend she will run off to \_\_\_\_\_ except one thing stopping this from happening type of thing.

My ex decided to file for full custody before school even started, her argument was that she was “ \_\_\_\_\_ ” I was going to ruin \_\_\_\_\_ education. Before school even started. Yet this disaster of events was set forth based on assumptions and lies.

I found out about the order while filing a protective order against the new boyfriend for closed fist punching my child in the face that was not even spoke about by the judge or even a report taken by the police.

School was terrible start, \_\_\_\_\_ couldn’t attend my school, wasn’t good enough yet without my knowledge is enrolled in a school that very well have been mine, claiming it’s the only one that would accept her, threatening if we missed or was late one time she would be expelled and I will lose custody.

\_\_\_\_\_ would lie to the judge so many times about statement’s she couldn’t prove and Lies that I could prove. For instance, she told the lady, “

\_\_\_\_\_ ” And of course I provided the judge with screenshots of my daughter and myself who took her the first day. I also provide my parenting plan and date of first day.

Our first hearing \_\_\_\_\_ more than doubled \_\_\_\_\_ absences and it was this point \_\_\_\_\_ told her she better do better or she’s losing.

Did \_\_\_\_\_ bother checking \_\_\_\_\_ school attendance? Did she bother reading any of the teachers complaints of absence. The mother’s from truancy officers? \_\_\_\_\_ Letters? NO. Because there weren’t any! Funny enough, \_\_\_\_\_ had a S in attendance.

\_\_\_\_\_ decided to leave me off my child’s emergency contact info at school, listing her

boyfriend now of                    nstead. As stepdad. The same guy that forced my daughter to call him  
dad and told her it's normal. I found out from staff, provided                    the certified copy of my  
submission as                    father months after school started.                    denied it,                    didn't investigate.

                  told                    so many ego altering lies about me no judge could gives me a fair trial. I  
went ahead and submitted change of judge along with motions to speak with                    who lives in  
fear, warrant to remove children. She told her I once raped her. She had no proof and no  
investigation.

                  told the police I ran her car off a cliff once. No salvaged car, proof, or investigation  
told                    I was a mad man, I almost ran her over one time with                    denied this,  
couldn't prove this,                    didn'tinvestigate this.

I was painted out to be some monster, by the kid I raised, the kid she abused, some random  
guy and herself writing lies. So in my opening I presented thousands of photos, screenshots of  
and her son both saying how great I am, Lucky to have me. Submitted screenshots all the way up  
till the week her boyfriend arrive of us messing around. Meaning that is also my child.  
laughed, and asked, “

” I said no it only proved I am the opposite.

This pretty much wrapped up the hearing. Feeling great and confident of victory regarding  
her decision.

                  is still a S in attendance, nothing but amazing love for art,                    goes straight for  
pregnancy as usual, so filing a motion to have her boyfriend of                    added to my parenting  
plan. The guy who had                    creaming not to go back after following us for months, after hitting  
her, neglect her, after chasing us and punching my van. Nothing investigated, Just yelled at for  
going over the case with

I said no, untie thought to myself who bethel person to ask if that's ok so I do she refused  
and

I did too. That is when this case ended. I offered to let ANYONE she knew

Holidays are very important to                    and mine

,” it would be in best interest, And if they don't,

judges tend to remember we went back and forth, explaining army frantic concern , when during

Thanksgiving mind you,                      shakes head yelling out how about if I just take your custody all together? Until the baby is born? Would have missed Thanksgiving, Christmas, my birthday, Christmas, new year Eve, new year's her birthday. No                      I agreed just as I was

Some more lies from [redacted] one excused absences I had was a Tuesday she left a and said she was taking her. School year is about over, nothing much more to cling on. It was right at this time the judge ordered every two weeks, 2 days. I lost myself this day. Couldn't bare it. Told everything would be alright, I lied to her. I can't even protect her.

Shortly after, a statement from [REDACTED] we can update our address in court no and that it would be easier than doing so on own terms. I denied and asked permission not today. She asked if I could now and said out loud not unless I have to she replied, “ [REDACTED] ”

So I gave my address at my brother's, who after the next few weeks of spotting them following me again, I more out with a friend and since                      forced me into doing so, now and                      are best friends after she went there, making up stories of my housing.

Without any questions or investigation, bam full custody granted. I seen a couple hours a week where they was never on time, ever even there even got my warrant for the kid who cops bring it back saying it wastrels

At our next hearing [redacted] asked me where I live and told her. Asked me with who I request not to answer and she then forced me. Not to worry because we broke up after continuance threats from [redacted]. I explained that I wasn't homeless and the case was granted to get. Full custody. In regards to holiday I get none. In fact, being poor I have a couple hours supervised thxg.

The time in court to speak was definitely lopsided. Didn't ate. In first decision her words speak volumes if themselves. . She states that I claim here absences were due to medical and she thought different. I'm excuse me? She had a doctor's note for all of them! What do you mean he claimed?

She goes on to write that I am different and co-parenting isn't an option with me. When have u ever got the chance to legitimacy. Then proceeded to say my hostility toward mother. This woman is trying to take child from me forever! And this isn't he first Time. Yes but last time it was lies on drugs And money.

My daughter is everything me. She's daddy's girl and she is my best friend. took  
that from me and wrecked my entire life ~~\_\_\_\_\_~~
