**ORDER**

December 22, 2021

The Complainant alleged that three judicial officers are biased against him and made incorrect rulings.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Barbara Brown did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on December 22, 2021.

Complaint - Case No.

I have filed petitions to enforce parent time since the beginning of court. the most recent was heard by where he found in contempt for refusing my parent time. he said I'm in contempt for my communication regarding children and coparent issues with which is ridiculous as he stated my communication was and did regard my children however basically said can do whatever she wants which is not accurate in regards to coparenting and family court. In my petition to enforce heard by I provided proof of refusing my visits and communication. proof of negative parental Alienation behavior including telling children doesn't like me, not to talk about me, telling our children to call her new telling my not to go to the bathroom with me at visits which caused accidents and serious anxiety has also taken children out of state multiple times without my consent or notice even after being warned by myself and lawyer. has refused to let me see my children on now for each has refused

me communication regarding our  
and also refused me video calls while refusing  
our in person time together. has moved  
without my notice. does not acknowledge  
read or respond to communication via family  
mssgs and then ignoring communication. I spoke  
with the Instructor of the parent informant  
class. I took and explained behavior. he said  
without a doubt its parental Alienation and  
harmful to our well being. ~~All of these~~ Not being able to  
see my children or talk to them has been devastating.  
I called court the Judges Assistants  
As well as filing relations with the court. We  
even had to file a report because of not receiving  
help from the judge. has been doing this  
for almost And court and judge  
have done nothing to address her or provide  
help to me. of fact Judge said at  
our enforcement hearing he heard that he "  
... " word for word. Judge  
recently just denied my motion for reconsideration  
our court order was as follows  
was awarded full custody request  
I have supervised visits only and communication

to be through children. Since that ruling and before I was working full time + overtime paying % of my income to pay to see my children through supervised visits even though I've never harmed or committed a crime against my children abusing the court by demanding supervised visits

Since the ruling she has refused my parent time or any communication with my children whatsoever even after being prompted by my court to cooperate. Kept the children from me for before court ordered to cooperate with visits in total refused me visits with my

A continuing refusal of communication regarding our children. And a continuing negative toxic attitude as a coparent which is harmful to my children's well being. A refusal to cooperate with best efforts as a coparent done many things to harm our relationship. This is not fair. This is not working and has done serious damage to my children and myself. Judge has further allowed damage to my children and myself in this delicate situation by not intelligently handling our court case. I deserve joint custody of my children. poor behavior and
