Complainant:

**ORDER**

January 12, 2022

The Complainant alleged that a pro tem justice of the peace violated the law and denied her right to be heard.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Christopher W. Ames, Barbara Brown, and Delia R. Neal did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on January 12, 2022.

Dear Honorable Court People

I tried to sign in to the Court Form To complain but it just kept saying unable to sign in to one note

I have been dealing with a [redacted] who must be mistaken and claimed i owed [redacted] and [redacted] filed to [redacted] report claiming i owe [redacted] which i do not owe anything.

I have been dealing with court [redacted] for almost [redacted] now. I have proof i do not owe and furnished discovery [redacted] ago.

We went to trial or had trial date scheduled [redacted] ago by phone. I waited but [redacted] came on line saying court postphoned till [redacted] at [redacted]

I requested a video conference because this whole case has been shadey from [redacted] and i was thinking this is a scam

So i figured if i could for myself this was a real judge etc id feel better about this.

So [redacted] i made sure court had my [redacted] and had them send link to court connect . I did [redacted] in the day and prepared my case . I downloaded the Teams app and instructions and logged in at [redacted] It would count down from so many [redacted] and restart time clock all while saying MEETING ON HOLD. I noticed i was the only participant. After [redacted] i grew concerned cause i didnt even see plaintiffs attorney as present. I used another phone and called in to [redacted] who clerk went and judge got on the phone saying he already released plaintiff and [redacted] and entered judgement against me for me not being present he stated.

I repeated over and over that I most certainly was and screen shotted my proof showing all the times it kept saying meeting on hold.

Judge said id have to file to set aside judgement since i defaulted.

I said i was present and so i asked if he would go ahead and enter my motion to set aside if thats only way it could be fixed.

Judge said No

I sent my proof to clerk of [redacted] plus filed the motion to set aside.

Then [redacted] i got letter mailed [redacted] from minute entry from trial saying Judge Pro Tem [redacted] found in favor plaintiff for [redacted] ( [redacted] changed amount from [redacted] to [redacted] because [redacted] was billed in antispation of future work [redacted] was hoping for which is still wrong i do not owe anything!)  
Anyway this is situation.
