COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 21-313

Judge:

Complainant:

ORDER

March 23, 2022

The Complainant alleged that a superior court commissioner was partial in favor of the opposing party because he was representing himself, and the commissioner's rulings were not supported by the evidence.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Denise K. Aguilar, Joseph C. Kreamer and Delia R. Neal did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on March 23, 2022.

the judge ruled that gets sole descion over our kids just because i dont have a lawyer and have a brain injury from getting blown up so its hard for me to be as formal as she wanted so she gave my kids to the ex. Even though the kids stated her position as not to give her sole decision. Some how being loud and not cursing in a court is bad for kids! i was not yelling like she thinks so. I dont understand why the judges here think they can ignore the men just because the woman lies before he has a chance to even defend himself. The judge just before judge ignored my mention of drugs and stated it in a hearing even saying " ". How would any of you feel and respond in my shoes if you had someone thats supposed to be your wife lie to get you locked into a mental hospital and then all this from the state without even checking and that person has your kids when you know she does drugs? Maybe the judge should understand that its passion that she is seeing for the real safty of my kids and that i dont like the soon to be ex. My kids are not in that court room i am, im the only one defending what i have erved and my kids. Now this judge thinks one thing for whatever reason she is putting me on the same plane as other men instead of looking at the facts. Sorry im not a lawyer and cant afford one. Maybe that should be considered just a little more then what this judge has done because now i believe my kids futures are at stake with in control of their education. cant even complete her own GED let alone teach our kids anything other then to lie and minipulate. The fact that took my kids without any real cause before this court date meant nothing to judge . The fact that is false claiming everything she has stated and i have submitted and demontrated was also ignored.She gets to lie to the courts and cops without anyone investigating. even though i have nerves, doesnt make me a danger to the kids. This judge Ignored all that for what ever reason that is not good enough to justify getting pretty much what she wants when she is the one that has lied to the courts. Does judge understand that im not a pro in the courtroom and i even appologized. It doesnt take the automatc attitude for her to get me to fall in line and i did but she wanted to feel powerfull i guess. She will need to prove how any of my actions in that courtroom is a bases to take my kids! I have respected each judge so im asking for the same respect back. I did earn at least that and if thats too much to ask then i guess other actions are required. I will not go to court with this judge in charge
