COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 21-323

Judges:

Complainant:

ORDER

March 23, 2022

The Complainant alleged that four judicial officers were corrupt, and heard her matters despite having conflicts of interest.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Denise K. Aguilar and Delia R. Neal did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on March 23, 2022.

is CRUPT on major levels and someone needs to do something to stop them.

My Cases False arrest by entrapment, held in inhumane conditions. For an alleged Facebook message. Criminal charges. Officer negligent investigation as I forwarded an image read "Happy New Year". On New Year's, no personal message. A warrant was issued by magistrate for my arrest . The prosecutor never presented any evidence and drew the case out for over with prejudice. There for making a lawsuit untimely. I was denied council and paperwork reflected council present listing I still filed and case but it was unlawfully dismissed due to untimely filing.

I filed a new lawsuit case # Obstruction and collusion against and (process server) during the process serving the notice of claim was rejected by the City and Judge. Last unlawful court date of and served on . (Timely) Process server assistant notified me by phone and text sending notice of service and receipt. I called to ask why the Notice of claim was not listed. said the City and Judge rejected them. Then when I got the hard copy from it reflected as date of service and the prior email was deleted and the new email with the falsified info was sent. I requested the court get written reason for the rejection of the paperwork. I claimed the dates had been changed and that this was in fact a falsified document. I noticed a few different things and reported them to the court. I reported the false dates and the fact I believe the certified # on both documents served at different times. That the executed date of was odd. I know for fact these two documents are falsified. I believe that certified # was on the email document Notice of service dated . Regardless there is a certified # dated . The true date of service. Case closed for untimely Notice of claim. The Notice of claim given to server to serve contained multiple falsified documents and listed all the laws that had been unlawfully broken. The Judge ignored my request and closed the cases. Then retired. The case was reassigned to Judge I asked Judge the same and was ignored. works in the same judicial buildings, the Judge and Prosecutor I am suing. I ask for a new Judge due to conflict of interest and supporting falsified documents.(Denied by Judge .)

Qn I was robbed at and almost all the paperwork for the two cases was stolen. The police are doing nothing and now its and I have accused my roommate of stealing the paperwork they have not even talked to him. Paperwork included some was left by the thieves some was in my car and the process certificate was requested from the court clerk a few days ago.

Therefore with or without the paperwork both cases are being closed unlawfully. My Constitutional Rights abolished. I believe Magistrate to be the ring leader of pure lawlessness, corruption obstruction, collusion and falsified documents but not limited to: Judges involved administrator and Prosecutor
