

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 21-330

Judge:

Complainant:

ORDER

June 10, 2022

The Complainant alleged that a superior court judge violated Rules 1.1, 2.2, 2.3, and 2.8 of the Code of Judicial Conduct.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Colleen E. Concannon and Christopher P. Staring did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on June 10, 2022.

Case No:

Complaint on Judge

Comp

2021-330

Dear Commission on JC,

**I had very high hopes upon first coming upon
in . He seemed very down to
earth and warm at the very beginning and I really felt
very hopeful that he would be able to see the
suffering, terror, harassment and mental torture
and her daughter had been subjected to
under her former husband's selfish manipulative
control and maniacal abuse. But I was fooled.**

**Everybody was. shocked everybody by
immediately addressing and treating the abuser as
the victim and the true victim as the abuser.**

**After the first hearing in the judge
showed he was a stage performer with no
compassion, intuition or wisdom to serve as an honest
mediator to efficiently identify and remedy problems.
I've watched this judge hold hearings on issues he
would later recount differently in his rulings. I've
watched this judge listen to great testimony and be
directed to evidence submitted by that would
later go unrecognized and be omitted from his
decisions and rulings as if he never saw or heard**

anything!

I've even sat and waited for my turn to testify as a witness in _____ only for the hearing to be interrupted by her estranged spouse's attorney just to obstruct _____ witnesses from being heard. That was not the first or last time either! The judge never intervened to sanction and reprimand her spouse's attorney for her inappropriate behavior or her very abrasive remarks about _____ health, or for her rude and unprofessional behavior in court, or for her crude motions where she harasses and unethically insults a woman dying of cancer who had her child taken through a scheme of fraud and lies set afire by her spouse and his evil agent! There is just no way an honorable judge can deny the truth of what has really been happening in this case unless they had been pre-paid to look the other way!

The experience of following this case has filled my heart with a deep sorrow and eternal hopelessness for tomorrow's abused mothers and children. The judge had already chosen the side of his friend in the legal community and her agenda over truth way before the case even began! Then Mr. _____ had the audacity to ramble about _____ not having empathy for her spouse in one of his many senseless

rulings! How insensitive and absurd!

I am a witness that this judge deliberately ignored the facts and evidence presented in this case solely to serve a friend in the legal community. I am also a witness that this judge has abused his position and authority to serve personal and criminal interests that would make our forefathers who wrote the Constitution spin in their graves!

(Also with cancer and ADA)
