Disposition of Complaint 21-376

Judge:

Complainant:

ORDER

July 13, 2022

The Complainant alleged a superior court commissioner made incorrect rulings in a juvenile court case and demonstrated bias through racist and anti-semitic remarks.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on July 13, 2022.

This Judge _____ was incredibly discriminatory, ill-advised and misinformed by the lies and falsifications of testimony given by _____ employess who had dispicably lied under oath, this judge had a immanent bias and anti-semetic tirade towards me after closing arguments at which point this so-called judge disregarded all proof and facts given by the defense and had the racial bias and audacity to say that heresay was the basis of the departments case was indeed valid to the judge, so in other words he threw out all evidence and declared that attorney general and the dispicable pathological compulsive racial liars from _____ that their case of lies basically just falsified words were the basis of his ruling. That is an absolute outrage and a clear bias toward anyone who dare have the courage to fight to the end for their child like my wife and I did. This judge then went on a prejudicial tyraid against me calling me names jolting out insults without proof just the Departments words as the basis for his rant on me. At this point he proceeded to not even care or mention and give us credit for all the services we completed. Then this judge got furious that i had a psyche evaluation in _____ of this _____ where I was not diagnosed with anything the judge said I clearly have disgusting issues and that the well respected Dr. who did my evaluation, he said it was a joke and a lie all because i dont have any mental health issues he was dispicably furious. Judge _____ then didnt care that my son has been abused in _____ custody he didnt give a crap that my poor innocent _____ year old son has been treated extremely poor by the department and he didnt care he said it didnt matter, that my son has had too many abusive things happen to him which none of it was reported he didnt care that my son escaped FROM _____ CUSTODY NOW A SUSPICIOUS TIMES NOW. Judge _____ completely disregarded that we made the required preventative measures to snsure our son doesnt get out he simply just didnt care he stated. This Judge is visibly out of touch with todays modern world as he then proceeded to blurt out his misogyny by criticizing me for raising my son while my wife worked he said. At this point in his racial prejudial rant against me he then stated without merit he said i have a 2 decades plus long drug problem, first of all if that were true id be dead, and if this were true the racist attorney general never proved it. I have had only _____ isolated incidents that i confessed to in court which it is very hard to talk about for me in court as it would be anyone in my shoes I mean just _____ relapses since _____ is actually having a pretty decent handle on it compared to what these people normally deal with. In closing I must stress this judge basially got away with slander and defamation of character when he insulted me called me names without proof, this judge diplayed his anti-semetic behavior in a ill-advised manner as well as his extreme prejudicial Extreme Bias towards _____ and the attorney general by showing his his misogyny and his mental health is extremely unstable to say these things in a court of law it was absolutely evident this judges mental health is impaired. He also commented if you are reading in between the lines he blatantly stated everyone except himself _____ and attorney general, has mental health illnesses without proof and no diagnosis whatsoever.
