Complainant:

ORDER

December 14, 2022

The Complainant alleged racial discrimination and improper rulings by a superior court commissioner hearing a family case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Colleen E. Concannon did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on December 14, 2022.

Has made it a priority to rule on Respondent's motions for school choice and monetary awards for no apparent reason even though they were made after my motion to change parenting time and legal decision making

Zeroed out Respondent's duty to pay child support even though she makes significantly more money than I do and I have to pay for one child to attend school and the calculator states she has to pay _____ month

Ordered I pay the Respondent money based on her own personal excel spreadsheets that are not based on any factual evidence and failed to take into consideration my calculations

Ordered the Respondent have presumptive medical decision even after presenting her failure to provide basic medical care and refusal to provide care that costs money

Have never held Respondent in contempt or sanctioned her even after presenting concrete evidence of her multiple false _____ and _____ reports and withdrawing the children from school

Has failed to actual consider what is in the best interest of the children and now at least one of my children has to be held back in school because he refuses to make a decision on my original motion, allowed the mother to withdraw my children from their previous school, and has allowed the Respondent to waste everyone's time with false accusations and false money requests

Never required the Respondent to submit a change of address request even when it meant the children would have to change schools and when she moved to a completely different county

Required me to drive the distance to make up for the fact that the Respondent chose to move out of county

Claimed to not be aware of parental alienation tactics the Respondent was using even after presented with a _____ report stating she was coaching the children

Never required the Respondent to submit her _____ records or her bank statements but ordered I had to do so

Forced my wife to modify an _____ given to her to protect her from Respondent
