State of Arizona

COMMISSION ON JUDICIAL CONDUCT

	Disposition of Complaint 22-083
Judge:	
Complainant:	

ORDER

October 12, 2022

The Complainant alleged a superior court judge treated him disrespectfully because of his ethnicity.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Christopher W. Ames & Joseph C. Kreamer did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on October 12, 2022.

uct re: I know that the members of this com on are in full agreement with some of the County Judiciary's contempt for my ancestry, but because I always follow the rules and the rules say I complain to your commission first, the waste of time notwithstanding, so: I am tired of judges using me as a foil to virtue signal hatred for anything judges, with my right next to me, talking d me and making faces when I a speaking to the court. It needs to stop. I am not . 1 ormer or current agent. I am not now nor ha r been a memper of the ke a ng bag will not help . I am an American citizen and Curious how many judges wore a uniform or even deigned to talk to a recruiter for that matter? With regard to Judge During a jury trial almost years ago, she was very condescending to me and sarcastic. I had naively thought it was pecause she did not like my , but after yesterd v I realize she has a problem with me even though I know nothing about her. I was not " minutes" late, like she announced to an entire courtroom and teams meeting. It was minutes and a my age and after an hour commute, sometimes I have to use the bathroom unexpecte rs of this job, I have never seen another judge talk to another lawyer the way did to me vesterday even for lawyers over an hour late to court. Guess I'm just lucky. With regard to Judge , even though he admitted he was not familiar with the case, he has such contempt for me ne was made facial gestures while I speaking nly know told me afterwards. The same wa f Judge on this that because my same case just last year when he rolled his eyes at me. thought me so stupid to the point out I did not know the state had responded to my motions for which I claimed default. Of course I was right, not because I am a smart man but no one is that stupid, and yet he did not apologize. Instead, he lectured me very condescendingly about basic points of law such as witness contact and statute of limitations. It was humiliating. I held my tongue but afterwards t to say something himself, which I cannot let happen. I regret told me he w mv not having confronted right then. I am not asking for these judges to recuse the any special treatment. I just want these judges to treat me like they did before , and t me no differe om anyone else t me they same way tney w lawyer when . I do not care if they hate . It is a free country, but their is their problem not mine. In fairness, I should point out seem to be the

exception, but I am not sure. And it going forward random judges I have never met continue to think me so worthy of contempt, then I will have no choice but to advise all my clients that they ought seek new counsel because the judiciary's xenophobia could unfairly prejudice them.
