#### **ORDER**

February 16, 2023

The Complainant alleged a justice of the peace made incorrect rulings in a civil case and lost court records related to the case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on February 16, 2023.

Re: your request

Dear Mr.

Enclosed please find a complete copy of all documents that are in your case file as well as copy of your request to me. You will notice that some are repetitive; that is a function of how filings are scanned and saved into our system. Each document filed, with its attachments, is saved as an individual entry. I retrieved these from our computer system myself the day we spoke by phone.

I am sending these as a one-time courtesy. In the future, please communicate with the court regarding further filings or needs.
