

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 22-261

Judge:

Complainant:

ORDER

September 21, 2022

The Complainant alleged a superior court commissioner improperly denied a request for a name change.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Christopher W. Ames did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on September 21, 2022.

COMPLAINT AGAINST A JUDGE

Name: _____ Judge's Name: _____

Instructions: Use this form or plain paper of the same size to file a complaint. Describe in your own words what you believe the judge did that constitutes judicial misconduct. Be specific and list all of the names, dates, times, and places that will help the commission understand your concerns. Additional pages may be attached along with copies (not originals) of relevant court documents. Please complete one side of the paper only, and keep a copy of the complaint for your records.

judge neglected our safety and is not following the laws, rules, policies and procedures that are made for the court to keep people safe. He is picking and choosing which ones that he wants to follow to hinder us and not help. He is asking for us to contact someone who has said and showed us that they want to myself and my children and we have a protective order against my children's father who he is asking us to contact who is not even on my children's birth certificate. He and his assistant are also ignoring us and this is how the case is delayed because does not respond enough and not clearly and this may be rude passive aggressive behavior. lies under oath and is exhibiting behavior by not caring that we are living outside in extremely hot weather and we are owed more than of child support and the child support supervisor in is ignoring us causing more, pain and suffering.

The judges in Arizona are scary and they behave like and do not follow safety protocols and exhibit kindness and compassion.

This whole situation may be caused by another judge () who works in the court who I had a name change case with years ago who asked me to contact the and then dismissed my request for our family name change due to safety reasons. Then we started being abused and it has not stopped since then and we (myself and my children) are now in the process of being and it is such a shame that everyone is just sitting around lying and mistreating us instead of helping, protecting and compensating us per the rules.

judge, and the police may be the cause of people trying to kill us because we have not been protected appropriately and no one is chastising the people of Arizona in many positions who are not following the rules and are causing people pain and suffering and having them by not obeying the rules.

we have another hearing on tomorrow and I requested a different judge through the civil emergency email which is and I have not heard a response from them or which is judge assistant who does not respond clear and directly.

I hope you can help us because it is extremely hot and we should not be abused, or because we spoke up and told the truth about being abused. If that is the law and what is encouraged then we should be protected and helped per statute.
