COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 22-322

Judge:

Complainant:

ORDER

June 8, 2023

The Complainant alleged improper rulings and irregular courtroom procedure by a superior court judge considering a family case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Colleen E. Concannon and Delia R. Neal did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on June 8, 2023.

Judge

Judicial misconduct; allowing the respondent to my emergency order for custody to come into my hearing which was based on the topic of domestic violence and child abuse, allowed the respondent, my ex boyfriend to come into my hearing that was meant to protect my children, allowed him in with his own motion with out serving me and with me having no idea what his motion was about, allowed him to lie in court stating to me “ ” then this same judge didn’t allow me to offer proof to the objections I made, he stopped me from offering proof and gave an abuser my children, then based on hearsay which I objected to and tried to offer proof, ruled that I was unfit and a danger to my children. This occurred while my , age , was sitting in the hospital for with a psychological trauma and internal injuries from his father. was sent to his to the court and not one person said a word, the judge put a stay on the case so nothing could happen, I was visiting my children and was sick on one day and the visits were stopped and I was told the judge had to affirm the orders, so I told this judge that, he refused to do it and now I haven’t seen my children who are being abused in

This judge did abuse discretion by not using it. Clearly me and my children were victims of but the judge didn’t care nor did he give us a right to a fair trial. My for life because this judge didn’t use his discretion and ripped me and my childrens rights away to a fair trial.

This is my submission.

This message is for but mentions and case so I am sending it to you all too.

! I have been asking you this for months! I want a new attorney by tomorrow. You are fired. You are not helping me in my case, you stay silent when you should be fighting against these horrible things that call themselves people at . The workers have purposely made it hard for me and to be together. This agency violated my and ny families rights repeatedly. I want to motion the court today for an emergency hearing as as opened this case in retaliation

and has purposely made it impossible for me to get my child home by

-Taking [redacted] with out a need to as I was in the hospital and she was fine with her sister.

[redacted] manipulated my daughter to being [redacted] to her.

-opening a case without giving me notice and having a hearing without any notice.

[redacted] I don't care if you weren't on the case in the beginning, you are now and you over saw

the case, you are responsible, [redacted] was on the case, she too is responsible along with

[redacted] who failed to investigate my sons case who has [redacted]. Non of you will get away with what you've done.

- [redacted] had no right to my personal and private medical records and now you won't answer how you got them?

- how did you get my [redacted] and [redacted] records? I didn't sign a hipa to release the [redacted] records and [redacted] was using them... who gave you permission to my private records?

- how did you find out I was at the hospital? Who called and made a report? Or did the detective get my [redacted] r to do that too. I'll ask her. My [redacted] didn't make the call.

- [redacted] didn't even start visits for

[redacted] placed me on testing before they even had a test of their own to show I was on drugs

[redacted] has false misleading information in their file

[redacted] cancelled visit weekly then cancelled without notice then transferred me to kids connection some random guy then once I refused to have him at my home [redacted] blamed me for the visits closin- [redacted] is using a false drug test result and refuses to give me a copy of the actual test and my lawyer does too

[redacted] was not clear with me about [redacted] and when I had to reschedule I couldn't and [redacted] was told this but it took months for the case worker to open the [redacted] up again, then we had court then

[redacted] lied to the court then [redacted] was told to reopen everything and I set up a virtual assessment as I was ill, there was a medical need, yet [redacted] and [redacted] said I had to do it in person forcing my assessment closed then when I cancelled the in person with notice [redacted] s said I missed two appointments and closed me out. [redacted] was asked to reopen [redacted] and she has

not to date. [redacted] is telling me I did [redacted] and that I have to schedule with a specific person, yet anyone can schedule that works at front desk,so why do I need a very specific person, today

[redacted] finally sent an email to reopened [redacted] by sending a referral? But the [redacted] should have never been closed out in the first place. It would seem [redacted] wanted me in person at [redacted] despite the policy that if there is a medical need which there was I can do virtual. Once I cancelled the in person I was then closed out. Closed for a no show for two appointments but I did only have one appointment which I gave notice days before that I wasn't going and I was forced to cancel the virtual one, so how did I no show for two which alllowed a closure ? When I didn't no show at all and canceled my in person days prior and was forced to cancel my virtual? Seems fishy and like retaliation and like you are giving me a hard time.

I've made a time table for the court to show that when I start to talk about this case online or make complaints something in my [redacted] case occurs like [redacted] cancels visits or changes case worker or [redacted] I'm not an idiot just was busy completing my [redacted] case which is going great.

Attached is the image to show he [redacted]. And this is what [redacted] didn't investigate. What a shame, a [redacted] had to suffer and is suffering just so [redacted] can cover up not investigating.

I think police, the school on ,
and the are covering up even more but it's just a theory, I mean I've been a
and I've never seen so much reluctance to investigate such a horrible
case of , nor have I ever seen children at a school just
sitting dirty on the ground of basket ball courts and federal undercover trucks, gangster cars, and
hillbilly trucks with flags in the back at an elementary school park in g lot all at once in the middle
of a school day, just seems very odd, maybe even are covering up more then more that the public
should definitely know about.

As far as I'm concerned every person on this case is responsible for suffering and
as well. God will have his day and I will never stop fighting for and
. The city needs to know about case and about the schools in , like
the one on And the purposeful failure to investigate
. And they will along with all your names.

did the same shady when they tried to take and the court her
back to me only for to once again help my ex and go to court the same day with the same
allegations that just got dismissed in court. Then sealed information about my ex
being a pedofile while allowing to live with him initi unsealed the case and
I got sole custody

I will be sending the court a motion tonight asking with proof of opening a case and taking
with no right to do so and on purpose directly after I made complaints about then and
the officers who did not investigate my son case.

What date was the drug test taken that is positive for meth?

Why haven't you sent me a copy? We upload documents to a website called and your
attorney can get you the copy.

We're you legally allowed to gather my personal medical records to start this case? As the drug
test is in the files as reason for you starting a case. The drug test was taken while the case
has been open.

Why did you start a case, under what actions of mine? is able to meet with you to discuss
this, if you are not aware.
