There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

FACTS and MEMORANDUM

was an indictment that was DISMISSED, WITH PREJUDICE, charging for failing to register as a sex offender, though no record exists of the commission of any crime, sex or related. NOTE: the "with prejudice" stipulation MEANS that the state cannot ever attempt to appeal or continue to pursue labeling as a sex offender, ever again, for life. No commission of any sex offense exists, no crime was committed by , only fabricated records that presently ignore the case listed above that points to the original case , where the actual guilty party, , was used as a state witness. What is even more corrupt, is that, on the stand, under oath, , a year old, pointed at , and said, " ", then pointed at the state witness, , and said, " '. even admitted having sex - while under oath - the REAL sex offender. blatantly and unconscionably violated the rule of law, by failing to immediately call a mistrial. Instead, he sentenced to years, totally ignoring testimony and the rule of law. He was fired and charged with a felony in . These are the caliber of humans who decided my fate.

years later, after all Rights restored, in , I am still posted as a sex offender. These postings are in total violation of a Court order as well as the originally fabricated case against me. This is criminal at many levels.

In , was charged with failing to register as a sex offender, though no sex was ever involved, and the real culprit, , is free from the public knowing his sexual weakness. Due to dad's " connections, and any Arizonans connected are above the law while annihilating an innocent man's livelihood. These are times for accountability to clean the rats out of the system so that the rest of you good Arizonans have a safe environment without threat.

My first wife, , was a call girl. I had no clue, at only years old and being a lifetime member from a wholesomely good family. bedded to pander her in their own prostitution rings, then charged for their pandering.

The most important part is that to annihilate someone's livelihood, forcing them and family to starve, due to reputation harm, is, by criteria considered "Human Trafficking", and state officials are not immune. Law enforcement is provided special training which adds much more culpability.

The defense that exists to defend _____ was never even attempted by either court appointed _____ nor paid lawyer, _____. The defense, "_____", would have immediately dismissed the case. This defense, "_____", was admitted under oath by _____, but doctored in police records to make _____ appear guilty. _____ admitted to the police she lied and was coerced by _____, who told her to say she was "_____", since she had a _____ year old baby.

_____ supports fully supports the rule of law on behalf of the people. It's called "at law" jurisdiction and synonymous with common law and constitutional law, not subject to colorable and corporate "statutory law". Arizona constitution provides that Superior court is responsible for both "at law" and "at equity" jurisdiction. _____ is subject to "at law" jurisdiction ONLY. Any judge of record who ignores this fact and/or fails to acknowledge that the court is seated "at law" is in violation of his oath, and liable on his bond, insurance, plus any additional coverage related. This is against the judge as an individual while operating in his official capacity.
