COMMISSION ON JUDICIAL CONDUCT

	Disposition of Complaint 22-485
Judge:	
Complainant:	

ORDER

July 10, 2023

The complainant alleged a superior court judge revealed a protected address and demonstrated gender bias when hearing a family case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Colleen E. Concannon and Scott C. Silva did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on July 10, 2023.

- 2. After I repeatedly voiced my concerns to the court for my physical safety with regard to my exposure to my ex husband, who was in attendance at this hearing, the Judge ordered the court reporter to read out loud in court directly in front of this person the city of the address of my physical location. This is a direct violation of my personal safety and the Arizona Address Confidentiality Program.
- 3. The hearing was established to be non evidenciary ahead of time, thereby preventing me from being able to submit absolutely any evidence to support my verbal testimony before or during the hearing. This is an overtly coercive technique, directly prohibiting me from being able to adequately defend myself by using supporting evidence in a court of law. In addition, I had a written statement prepared for the court for this hearing, and although I offered to read it several times during the hearing, Judge prevented me from being able to do so.
- 4. The judge asked me twice if I felt coerced by him into the resolution of the court. This a clear indicator he was well aware he was engaging in completely coercive and harmful behavior against me, and he asked this question in order to exonerate himself, under oath, from the coercive behavior he KNEW he was engaging in with me by again forcing a verbal response to this question based on the circumstances. This is particularly concerning behavior and has me seriously considering the possibility this man has a prior history of misconduct with women, professional, sexual, or otherwise. This may be an area the state should consider launching an investigation.
