

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 23-001

Judge:

Complainants:

ORDER

July 14, 2023

The complainants alleged a superior court judge failed to consider relevant evidence and follow the law during a civil trial.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on July 14, 2023.

to whom I may concern;
I am writing you today because I am genuinely
confused and disappointed regarding the ruling Justice
made pertaining to the Case, Albeit
I was working, I was able to watch nearly the entire
case. The testimonies were strong supporting the plaintiffs
case. There was sufficient evidence demonstrating that
chain of custody was violated here in County.
The incompetence and potentially criminal actions of those
working for the County was
demonstrated both through the chain of custody issues as
well as the concerns of the image on the
ballot. As a disenfranchised voter of the election, I
am completely appalled with what occurred during the
election. What a disgrace! Also, ~~superintendent~~ Secretary
of State was able to run her own election
without recusing herself! So many violations occurred and
yet Judge ruled against the people of Arizona
and the Constitution. Also, allowing a third-party organization
to be involved and in a sense run portions of
our election without the consent of we the people, is
absolutely unheard of! None of this makes any sense
whatsoever. This only makes sense if we want Arizona
to become a Banana Republic. I am uncertain, with all
the evidence, why ^{Justice} you chose not to call for a new
election and calling for others outside of those
running our elections to run the election. Whatever
the reason may be, it has been a complete disservice
to Arizona, and to the United States of America. It is
perhaps equivalent to flushing our Constitution down the
toilet. I believe it would be in the best interest of
the Arizona people to have Justice investigated
and if found he violated Arizona Law for him to be
completely stripped from his position and prosecuted if
appropriate.
