COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 23-153

Judge:

Complainant:

ORDER

October 6, 2023

The Complainant alleged a superior court judge showed favoritism in the rulings in a family law case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Barbara Brown, Colleen E. Concannon, and Louis Frank Dominguez did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on October 6, 2023.

Judge _____ has Violated my Rights as an Individual and as a Father.

Arizona Judicial Code of Conduct Rule 2.3 says that Judge _____ should not allow for me to be subjected to Biases, Prejudices, or Harassment.

Under the rule its mentioned that Judge _____ has a duty to require lawyers in proceedings before the court to refrain from biases for prejudice or engaging in harassment, **based upon including but not limited to race, sex, gender, religion, national origin, ethnicity, disability, age, sexual orientation** Non, marital status, socioeconomic status, or political affiliation, against parties, witnesses, lawyers, or others.

Judge _____ has failed in protecting me under the guidelines of this rule. Below is an example of the Racist, Prejudice remarks the Judge has allowed entry against me.

EX 1. Find PETITION FOR DISILLUSION FILED ON BEHALF OF

*“On or about _____ the _____ Department responded to a call at _____ to the parties’ residence and banged on the door. **Father began screaming and acting erratically. Father is _____ and was screaming that “_____”.** The parties’ minor child (age _____) was terrified due to Father’s bizarre screaming and actions.”*

Conclusion: It’s not the point of this example for me to argue against this statement’s accuracy. **The relevant point** here is the Irresponsible and Gross fashion that my Race was introduced to Courts Record.

The Petitioner _____ Race has not been approached in any of the court matters, as it could almost be considered irrelevant based on the subject matter.

So why would Judge _____ leave me exposed to such unfair Bias and Representation?

Judge _____ has placed unfair and unwarranted legal barriers between my daughters and I, giving merit to _____ and the _____ Family for their actions of unethically separating me from my daughters.

Retaliatory steps in a collaborative effort against me have been taken by _____ and her Family. I use to believe that these steps began after my _____ escalation to the _____ department against Brother and Uncle to my daughters

But through my own discovery and supported evidence I’m able to show that the False Reporting, False Flags against my Mental Stability and treatment towards my daughters started months earlier, after my own Fatherly boundary issues were crossed by _____ behavior. My words and then my daughter’s own words went unaddressed within numerous Family discussions leading up to my escalation.

I Escalated to the _____ Department a tape of my two toddler daughters describing a game learned outside of the home they were calling “_____”, taught to them by brother to

EX. 2. Please see _____ Investigator email on updated supplemental report.

Conclusion: Based upon a timeline that I was able to provide the _____ police investigator an updated Supplemental Report has been produced. Per the detective’s reported statements, He Himself viewed all footage leading up to **the date of _____** he same day that

Judge _____ received _____ Family Case Petition. Per the detectives own words used **my daughters Never Seemed to him to be in distress.**

Also as you can see, **The _____ Investigator is offering my daughters another forensics interview**, as he realizes that the first time around may have been manipulated. He mentions that he is only waiting for me to regain my Custody Rights while wishing me Good Luck for the upcoming _____ Hearing.

Judge _____ has **unjustly taken away my ability to safe guard my daughters.** He has given more Legal Authority of my own Daughter's over to the very Individual I Escalated against.

Without real assistance from this Judicial Commission I fear that real damage could still be very present. Judge _____ Court Orders are not allowing me to have my daughters Re-Interviewed.

Furthermore, this very _____ Investigator, and I have been in touch since he initially called me on _____ Per his updated Supplemental Report, **It does Not Appear that this gentlemen has questions in regards to my mental capacity, or my fitness to Responsibly Parent my Daughters, Judging the tone of his words used.**

Judge _____ has chosen to only rely upon one side manipulated videos and false flag claims made on behalf of _____ and her Attorney against me.

Judge _____ has Not even afforded me a **fair opportunity to Defend Myself for my Rights to Parent my Daughters.**

He has on _____ **Separate Occasions Granted Non-Notification Emergency Actions against me**, while denying **Every single action I've attempted** in pursuit of reestablishing my Parental Rights.

As this Commission is aware, this Emergency Non-notification type Action purposely initiated by the _____ Family does not allow me proper time or notification that **I was to Now Abruptly Legally Loose my Daughters.**

I was not given proper response time to prepare funds for a Lawyer to assist me in Defense before **Now Abruptly Legally Loosing my Daughters.**

I retained a Modest Mean Lawyer for only _____ shy of the _____ it cost me to cash the borrowed funds check, as this Lawyer requested his payments in cash. This speaks to how financially injured I had now become behind this entire situation.

Considering my situation, he allowed the small amount of money to slide, but when he started to understand the complexities within my situation he would end of dropping, **day prior to the Emergency Orders Hearing** after I had a conversation with him on my inability to refill my cash account with him.

Due to this, my Court Document Responses for the Hearing were Incomplete, Altered, and Difficult to understand, as the Lawyer had merely updated Templates for me to enter responses to, as the Hearing date was approaching so quick he himself had not gained a complete understanding of the situation he was to defend. **This caused me to be Unfairly Represented.**

Improper time to prepare a defense actually played into the False Statements and her Attorney had brought forth by review of my Response Answers Submitted.

This same exact scenario played itself out the second time around. Judge again would Grant a second Non-notification Emergency Order against me. Afraid for my time with my daughters I took my last money I had for rent and secured a Lawyer I had just found the previous , before the upcoming scheduled Custody Hearing.

My New Lawyer would not even be able to make the Hearing, due to an already scheduled Family Vacation, and so had a terrible sit in lawyer represent me in her place for my Hearing.

Judge handed down an Unfair and Degrading Order against me. My Custody Rights to my Daughter's was again non-existent, and my Visitation Rights all together was Now Completely Life Altered.

Judge cited that I had committed domestic violence against , for **which to date I have Not been charged with any of theses crimes and completely confident that will never be.** Not to mention, this has No Baring over the care I provide for my children, and so again Modified Custody Orders without a complete understanding of the situation at had is **Completely Unfair.**

After the Orders, I requested that the remainder of any unused Lawyer Retainer Fee's be returned from the office id hired. As you can see, I absorbed a pretty hefty weekend charge, but with terrible results, plus I needed the funds back so that I could afford the Court Orders Anger Management Class Completion Ruling.

I retired the law firms assistance going forward. I knew at that moment that I was going to have to move ahead at this alone, as there was No way that I was to afford to pay for representation, without opportunity to properly equip them with information needed to Defend my Rights.

Luckily, I had already begun preparing myself the second I read the Initial Petition documents I received from

But the timing, sudden shock trauma of loosing my daughters and home I supported for them siamotainously, in addition to my lack of overall knowledge of the entire situation at that time has proven to prevail against me thus far.

EX 3. Please review all relevant examples for support to understand my concerns.

EX 4. Please Reference All Recorded Phone Calls held with Family days after Court documents were filed to gain an ideal for my concerns.

- Eviction, - Return my girls, calls

Conclusion: Judge was provided these Audio Recordings in Full. There are numerous references made by making obvious of the manipulation into the CPS and department's investigation and clear Retaliation against me from the Family for Reporting to Authorities I speak on.

There is a recorded phone call a week prior to Intentionally seeking Emergency Orders against me, **with her ready to return home, and with the girls.** It was me that stated that my daughters had already been away from me for weeks and that I only wanted time with
