ORDER

September 29, 2023

The complainants alleged improper legal rulings by a hearing officer considering a civil case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Barbara Brown did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on September 29, 2023.

The first hearing was held on _____ at _____. It was with hearing officer _____ Officer _____ was unprofessional while sitting on the bench. She was leaning on her desk. Her body language made it seem like she would rather not be there.

We submitted super exhibits; it should've gone in our favor. We also submitted an exhibit from the contractor how much it would cost to repair the damaged doors. There are plenty of gaps around the doors, and the doors are too big for the frame and _____ were unlicensed at that time, and that's against the law.

On _____ I filed a motion to vacate a judgement, and we had court _____ at _____ with Peace Pro-Team _____ at the hearing she said, _____ We strongly believe that she did not look at our file, and she said I need to take a ten-minute break to decide if we're going to have a hearing. She came back and said you need to file an appeal. It doesn't make any sense if I already filed a motion, why do we have to file another appeal? She stated, " _____ " Of course, we want a reimbursement to buy another door that fits right, and _____ could have the doors back.

Something is not right! Why are they ignoring our exhibits in the picture you can see the gaps, my parents are elderly, and they do not feel safe with the doors. Why do we have to purchase another door? It will cost us more _____. Also, we have heard that Peace Pro-Team _____ has done this to other people, and they had evidence.

We also submitted a letter to the Judge Presiding _____ to reconsider our case. He read my letter, and then he went to talk to Pro- Tem _____, and he just listened to what she said. Both didn't even look at our file. The system is so wrong! I thought if you have evidence you win, obviously you don't. We strongly believe our exhibit are superb.

Peace Pro-Tem _____ doesn't have the unlettered knowledge in small claims! I know judges don't overrule another officer of the court decision or judges. Even though they are erroneous. They had requested me to appeal the ruling, but I have not received the basics of this ruling.

I believe that this was done unfairly to us since exhibits have been provided as well as my statements. We're not trying to take advantage or doing this out of malice. We are good people with good morals and integrity, who are just seeking justice in this matter!
