Judge:

Complainant:

ORDER

October 13, 2023

The Complainant alleged improper legal rulings by a superior court judge hearing a dependency case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Barbara Brown and Colleen E. Concannon did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on October 13, 2023.

I was treated unkindly especially during such a difficult time for my children and I to be facing there was no compassion or any kind of empathy towards my concerns as a mother . I am aware that this system is full and that is very sad to see so many parents and children suffering in such a way . My children are both in custody since because of a accidental overdose which I have had no one even try to help me cope with after seeing my son die in my arms and then to be snatched away by what now seems to be Elite predators . I do not use any drugs or any sort and have been complaint with all the request from in hopes of seeing my children yet still have not had a successful visit since they were kidnapped from me I had a visit my son had on RED finger nail polish I explained it was against my beliefs and cultural beliefs as well for him to be in activities for girls yet they put him in gymnastics which I didn't approve of yet nobody has spoken to me about either my other visits were and on my last visit I haven't seen them in a month they are both in seperate homes my children looked unrecognizable my yr old son was empty he was as if he had not been loved since he left me he was not happy he was broken I know my children I birthed them and know them better than anyone . At this point I asked him has someone hurt him he said yes mommy did it I ask him where hurt him he said I immediately was furious and wanted to talk to someone about who was where she was and if she was also being harmed . My child would not lie to me and he is very smart and I have a amazing bond he is my 1st son I am broken hearing him say that and when I voiced it to the case aide I had my visit and was kicked out the visit as if I was wrong for asking about my children who are now with total strangers. I spoke up loudly and clearly from the word of God which is truth and was told I had a minute hearing by my lawyer which gave me hope to be able to speak to the Judge so on I had a hearing with Judge and which that time I was muted almost the entire hearing was not given a chance to speak when mentioned my concerns I unmuted myself to confirm it was true said what he said and also the placement allowed to go out of state to over the weekend which is a holiday I do not celebrate in any shape or fashion any how when I asked if I would have a chance to speak Judge told me no even after she heard the words human trafficking she then hung up in my face on the record leaving me to suffer wondering if my children are safe . In this time I've done research on her and found she has had ties in Genocide as well as being on a Judges wall of Shame along with colleagues of hers in the same jurisdiction being investigated for human trafficking as child sex ring
Judge AZ (under investigation re:
pedophile trafficking ring)
Judge AZ (under
investigation re: pedophile trafficking ring)
Judge (under investigation re: pedophile trafficking ring)
Just the fact this is something that has been brought up in this same court and with people she is associated with on a daily basis makes me feel this is a violation of many of my bill of rights as well as constitutional rights I feel as if this elite has a organization that is legally kidnapping and trafficking children through and judge name came up on a list of Judges who have intentionally interfered with Motherhood and caused Protective Mothers to lose custody of their kids to Domestic Terrorists. By hanging up on record after I voiced my concerns as well as not allowed me to see or hear my children's voice this is crimes against humanity at its lowest potential

I have every reason to be upset frustrated hurt and broken this system I thought was designed to protect me is really not and because of the 13th amendment I have been made a legal slave and now it's no secret that my children are being treated as goods this Judge has been in during a genocide that I'm aware had a lot of American terrorism in it I am sure she has witnessed some of the most harsh things done to people of my color and that makes me think she has no compassion for mv children because she did not treat my situation as a concern at all being that she graduated from she more than likely was a part of a elite group as well as being part of the I do not consent to any of the agreement they lied to me to get me to agree to no contest of dependency my children and I are free slaves the most high has chosen me I didn't chose him . I am not a legal slave or a chattel slave in this country I am requesting someone contact me asap my children need to be released to my family and I am asking to have someone contact me I am reaching out to all the higher ups as well I am aware of my purpose this system was designed by men not the creator of creation . Judge needs to be investigated for crimes against humanity along with the other colleagues she may be covering up for
